Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$800 Individual / \$1,600 Family. Balance billing, excluded services, <u>Preventive care</u> , and <u>deductibles</u> for specific services do not count toward the <u>deductible</u> .	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . Check your policy or plan document to see when the <u>deductible</u> starts over (usually, but not always, January 1 st). See the chart starting on page 2 for how much you pay for covered services after you meet the <u>deductible</u> .
Are there services covered before you meet your deductible ?	Yes. <u>Preventive care and COVID-19 Testing</u>	This plan covers some items and services even if you haven't met the deductible amount, but a copayment or coinsurance may apply. For example, this plan covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ . This plan also covers COVID-19 testing without any cost-sharing.
Are there other deductibles for specific services?	Yes. \$100 <u>deductible</u> per hospital confinement. There are no other specific <u>deductibles</u>	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. You don't have to meet deductibles for specific services. See chart starting on page 2 for other costs for services this plan covers.
What is the out-of-pocket limit for this plan ?	Medical in- <u>network</u> : \$6,250 Individual / \$12,500 Family Prescription Drugs: \$1,100 Individual/ \$2,200 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	<u>Premiums</u> , <u>balance-billing charges</u> , health care this plan does not cover, and penalties for failure to obtain pre-authorization for services	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes, but only in certain circumstances. See www.cignasharedadministration.com	This plan uses a provider network . You will generally pay less if you use a provider in the plan's network . If you use an out-of-network provider , you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). However,

	or call 1-800-768-4695 for a list of <u>network providers</u>	balance billing will not apply to emergency services, certain services provided by an out-of-network provider at a network facility, and out-of-network services provided without sufficient notice to you. If possible, check with your <u>provider</u> before you obtain services.
Do you need a <u>referral</u> to see a <u>specialist</u>?	No	You can see the <u>specialist</u> you choose without a <u>referral</u> .

 All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
