					due: \$7,832.94	- Participant's benefits were offset effective 5/1/22 and the Plan was able to recoup \$4,782.28. - Participant terminated employment and eligibility ended 5/31/23. - Co-counsel determined that Participant was successful in his workers' compensation case. His employer, Giant Foods, was ordered to pay for his causally related medical expenses. Counsel has been attempting to reach the workers' compensation carrier to confirm that the Employer has complied with the order. After confirmation, counsel can contact the providers to demand repayment. Counsel spoke with the carrier who had not been informed of the Workers' Compensation Commission order. The carrier stated that it would pay the Fund directly if we can provide the claims. The Fund Office is working with Cigna to obtain these claims.
