

Directors Report 2024

August 14, 2024

Florida West Coast Operating Engineers
Apprenticeship Trust Fund
Authored by: Adrian Lacey

Apprentices

We have added a total of 6 new apprentices, completed 5, dropped 2 and elevated 6. This brings our total to 48 apprentices. Sims Crane has a total of 27 apprentices. Pre-Con Construction has a total of 2 apprentices. Kelley Equipment has a total of 3 apprentices. A-Crane has a total of 4 apprentices. Maxim Crane Works has a total of 5 apprentices. North American has a total of 0 apprentice. Keller has 1 apprentice. Unemployed total of 6 apprentices. We currently have (37) prospective apprentices on our waiting list.

Upgrading Program

- On Friday May 10, 2024 we had Thomas Nesta with Independent Loss Control Surveyor visit our site. He was here to do an inspection for our insurance company. I reported this to Mark Schaunaman and we have since corrected all the issues in his findings.
- Sunday May 19, 2024 went to Crosby TX with all of our 3rd & 4th year apprentices for their block training. We returned on Friday May 24, 2024. We had a total of 16 apprentices and 4 instructors. Dylan Sherman completed 15 NCCCO practical exams over that week.
- Tuesday May 21, 2024, I attended the NCCCO new technology webinar for tablet testing.
- Wednesday May 29, 2024, I attended the NCCCO Foundation Board of Directors meeting.
- Monday June 3, 2024, I sent our new wage amendment to the Florida Department of Education.
- Saturday June 8, 2024 and Sunday June 9, 2024 we held NCCCO classes at the union hall.
- Monday June 10, 2024, I was approved for another term on the NCCCO Signaller exam committee. (See attached letter)

-
- Monday June 10, 2024, I attended a meeting at Sims Crane to discuss the job performance of one of our members with Dylan Sherman.
 - Wednesday July 10, 2024, I attended the Florida Apprenticeship Council meeting at the IBEW union hall.
 - Monday August 5, 2024, we started our new school year. We are currently in block training for the month of August.
 - Monday August 5, 2024, Spectrum was here to repair our internet.
 - Tuesday August 6, 2024, Orkin pest control was here to do a termite inspection.
 - Wednesday August 7, 2024, I attended the Hillsborough County School apprenticeship meeting at Levy Technical College.
 - Wednesday August 7, 2024, I attended the NCCCO EMC member orientation meeting.

Classes for This Quarter

- Classes are all in person during block training.
- All tests and quizzes are online using TestMoz.

Certifications

- There was a total of (29) NCCCO Practical Exams Given. (16) Mobile Crane Exams, (4) Signal Person Exams, (2) Rigging Level 1 Exams and (7) Tower Crane Exams completed on multiple dates.
- There has been a total of (2) candidates given a Forklift Certification this quarter.

School Board

- All apprentice applications and action forms are up to date.

Florida State

- RAPIDS currently up to date.
- All new apprentice applications have been filed with the state.
- Standards for the Apprentices are up to date.

Equipment Program

Liebherr LTM 1060-2 – Serial #LWE057489

- Routine maintenance completed.

Grove RT530E-2 – Serial #228473

- Routine maintenance completed.
- Friday June 7, 2024 crane down for winch leaking oil.
- Monday July 15, 2024 Richard Sapp Jr here to repair the winch.

Genie GTH-636 – Serial # GTH0608A-11991

- Routine maintenance completed.

Link-Belt Crawler LS138H-II – Serial #H7J1-5919

- Routine maintenance completed.

Neck Breaker Lorain LRT110 – Serial #98499

- Routine maintenance completed.

Case Backhoe 580L – Serial # JJG0247087

- Routine maintenance completed.

Kubota Lawn Mower – Serial #: 23696

- Routine maintenance completed.

John Deere Gator (SxS) Model 590ES4 – Serial #: 1M0590EBLKM020162

- Routine maintenance completed.

John Deere Tractor Model 4052R – Serial #: 1LV4052RVKK403068

- Complete service was done on Friday August 2, 2024.

John Deere MX6 Lift-Type Rotary Cutter – Serial #: 1P00MX6CCJP074653

- Routine maintenance completed.

Potain MTD139 Tower Crane

- Tuesday July 16, 2024 Blake Smith was here to troubleshoot the tower crane. It was hit by lighting again. It was determined that the voltage detector K102M part # 84034156 was bad.
- Wednesday July 17, 2024, we received the part from Sims Crane and Blake came back to install the new part. The crane was then checked out and all is good. I paid Blake Smith \$400 in gift cards for his 2 days of work. I got the authorization to do so from Mark Schaunaman.

New Business

- On Tuesday August 6, 2024 we had Orkin pest control come do a inspection for termites. I do not have the quote yet. I have attached photos of the floor in the classroom that is now rotting and needs to be replaced. (See attached photos)
- On Monday August 5, 2024 when we came in for block training. I noticed the ceiling had wet spots. I looked in the attic and found that the trusses were coming apart and that the roof had broken wood and allowing water to come in. The roof needs to be replaced. (See attached photos)

-
- Our freezer for ice bags has stopped working. To get an ice freezer that would hold 120 bags of ice would cost \$2,339.00 plus shipping and handling. Last March at our picnic we went through approximately 50 bags. (See attached)

National Commission for the Certification of Crane Operators

Committed to Quality, Integrity, and Fairness in Testing since 1995

June 10, 2024

Adrian Lacey
Committee Member (SPMC)
IUOE Local 487

alacey@iuoe487.org

Dear Adrian Lacey:

It is our honor to let you know that you have been approved as a member of the Signaller Examination Management Committee for the next term starting on July 1st. As you may be aware, Examination Management Committee terms last for one-year from July 1st through June 30th and are reviewed on an annual basis by the Board of Directors. Please accept our warmest congratulations on your continued participation as a member of this important Examination Management Committee.

As a participant in this committee, CCO Certification recognizes that you will be making a significant commitment of your time and energy over the next year, and we sincerely thank you for your volunteerism in this regard.

Your participation in this committee is a logical extension of the certification process for load handling equipment operators and related personnel that has been developed and administered since 1995. Ensuring that these individuals are qualified through an ISO 17024 developed third-party assessment of their knowledge and skill makes a major contribution towards the safety and health of all those who work in our industry.

Once again, thank you in advance for your participation. Your involvement will have a significant and enduring impact on the safety of those in the load handling industry.

Sincerely,

Thom Sickelsteel
Chief Executive Officer

Polar Temp 380CW Details

With 3" of thick, foamed in place CFC-free polyurethane insulation in its floor and ceiling, and 2" in its sidewalls, this Polar Temp 380CW is the best insulated outdoor ice merchandiser in the industry!

Its self-closing aluminum door features magnetic gaskets that lock in the merchandiser's temperature and ensure customers at your convenience store, beer distributor, or super market never get a melting bag of ice.

The 38 cubic foot outdoor ice merchandiser's cold wall cooling system has a 1/4 hp compressor and uses eco-friendly R-448A refrigerant to maintain proper cabinet temperatures.

A heavy-duty white polyester finish protects the Polar Temp 380CW slant front outdoor ice merchandiser against years of abuse under the harshest conditions.

Dimensions:

Overall: 48"W x 35"D x 72"H
Solid Door: 27"W x 27"H

Polar Temp Products

[About](#) [Transcript](#) [Embed](#)

Use Polar Temp for all of your refrigeration and freezing needs! Have an unusual space but need a merchandiser? Polar Temp will create one just for you.

Polar Temp 380CW Specs

Quantity	1/Each
Shipping Weight	370 lb
Width	48 Inches
Depth	35 Inches
Height	72 Inches
Door Width	27 Inches
Door Height	27 Inches
Amps	8.14 Amps
Voltage	115 Volts
8 lb Bag Capacity	120 Bags
Capacity	38 cu. ft.
Door Style	Swing
Door Type	Solid
Features	Made in America

Front Style	Flat
Horsepower	1/4 HP
Number of Doors	1 Door
Plug Type	NEMA 5-15P
Refrigerant Type	R-448A
Refrigeration Type	Cold Wall
Temperature Range	10 - 20 Degrees F
Type	Outdoor

Customer questions about this product

Can I use an extension cord to power my ice merchandiser?

No. Ice merchandisers must be directly connected to the power source of designated voltage.

What is the difference between cold wall refrigeration and auto defrost refrigeration?

The biggest difference between cold wall and auto defrost refrigeration is the amount of condensation created during the cooling process.

In a cold wall refrigeration system, or coil cooled system, a series of copper wires runs through the walls of the merchandiser. These copper wires radiate cold air into the cabinet in order to keep the ice cold. This causes condensation to occur on the walls of cold wall merchandisers, meaning they will need to be defrosted and cleaned regularly.

In an auto defrost refrigeration system, or forced air system, cold air is pumped into the cabinet using fans, which keeps your ice cold. This type of refrigeration system cuts down on the amount of condensation that forms inside the merchandiser, and the condensation that does form in the unit is removed by an automatic condensation evaporator system.
