Seasonal Flu Vaccination report

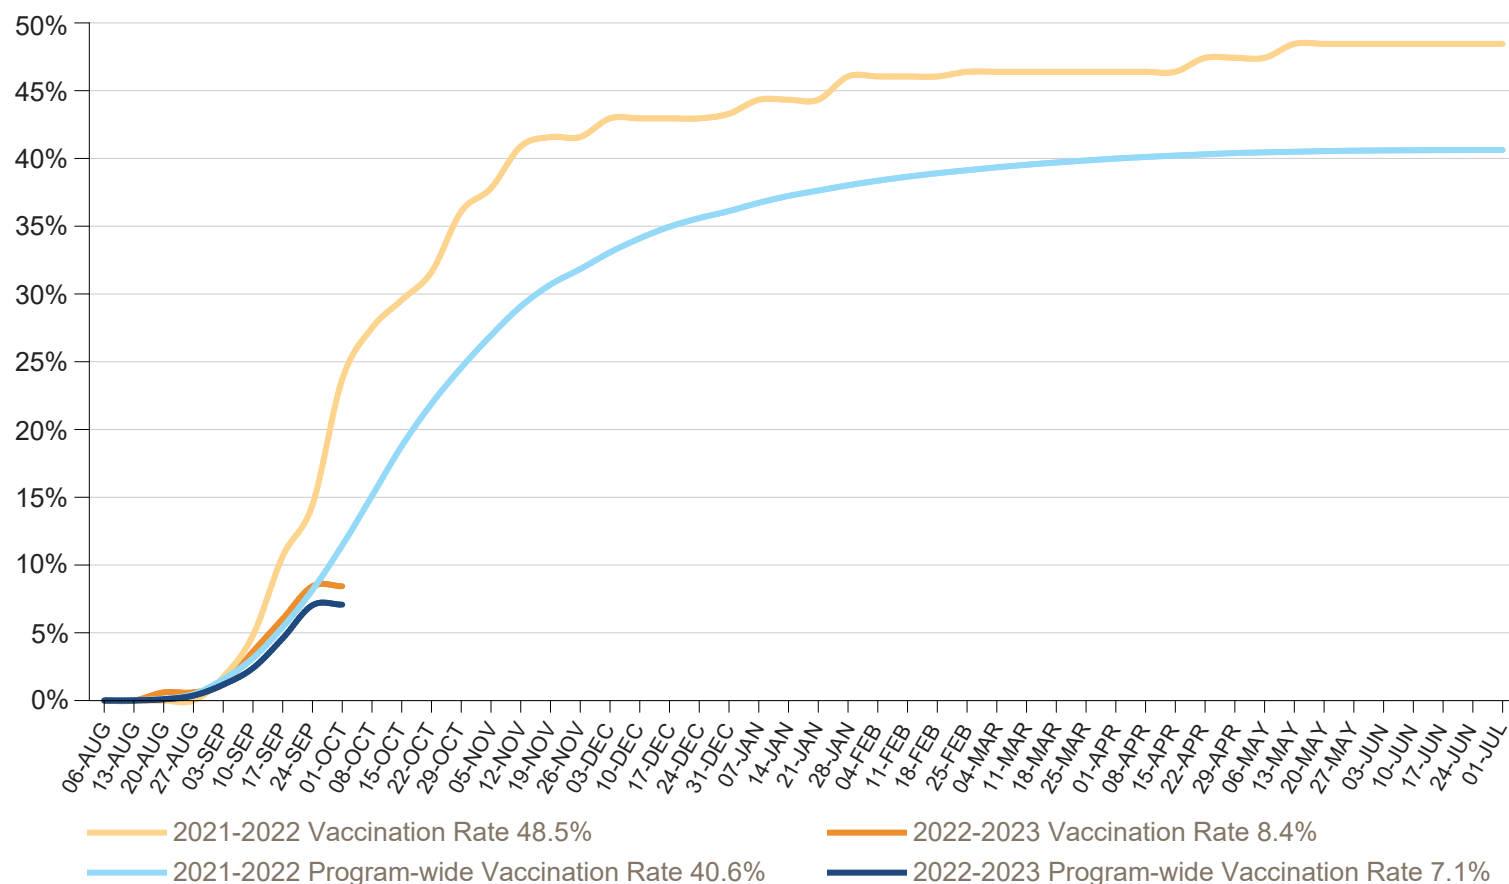

Created for Lithographers & Photoengravers

Commercial | All Members

Measurement period: AUG-06-2022 through OCT-01-2022

Report date: OCT-03-2022

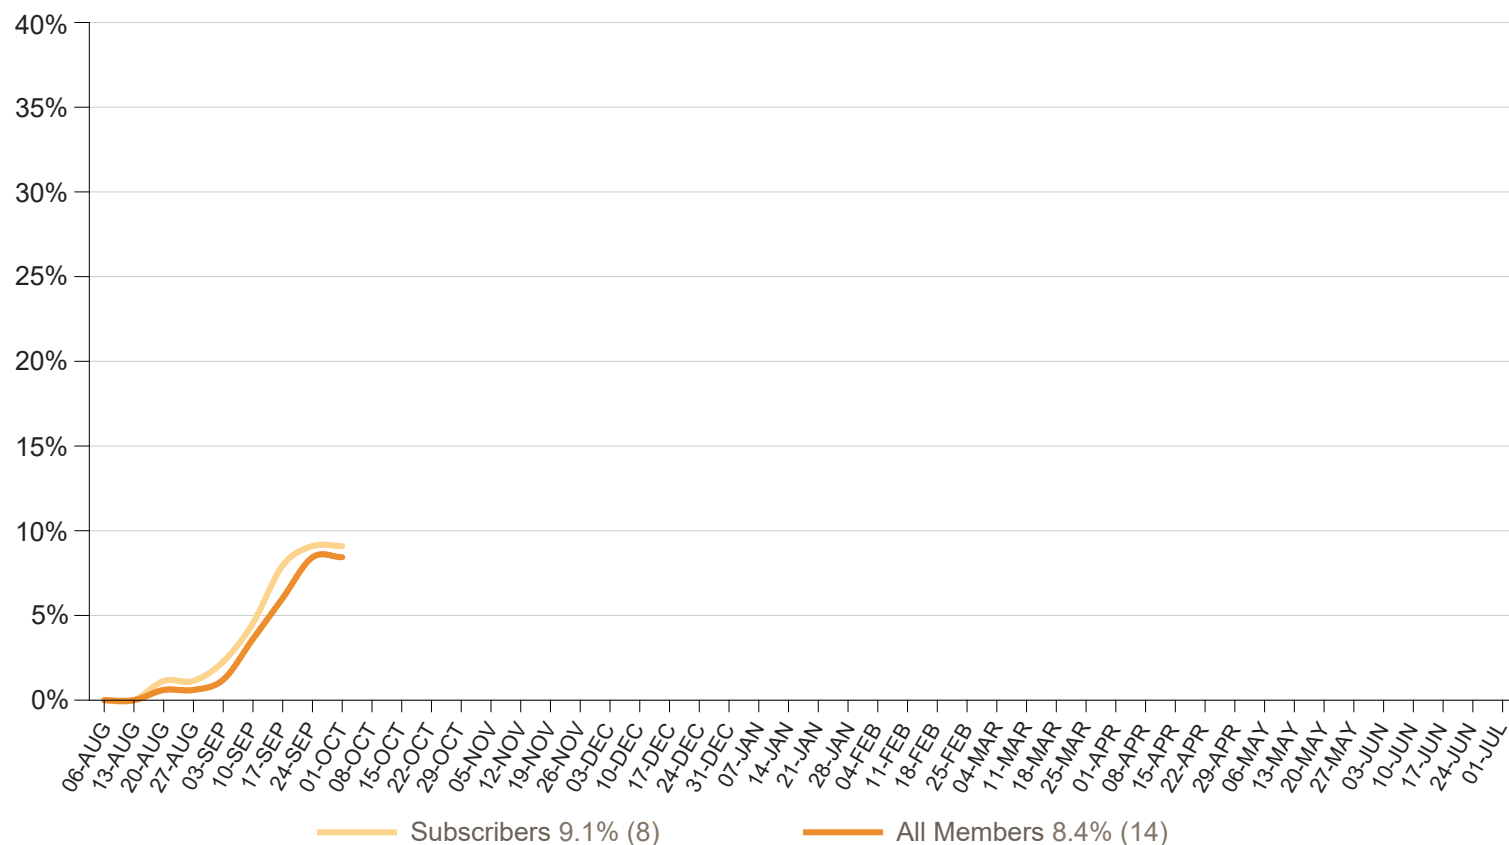

Your results: flu vaccination rate for your KP members* to date

*Continuously enrolled members during measurement period based on Flu Season representing Aug 1st -June 30th (11 months of data).

Notes: Flu vaccination rates are updated weekly and reflect cumulative data at week's end, for the flu season. Data includes vaccinations administered by KP and non-KP providers. Changes in enrollment during the measurement period will affect the calculated vaccination rate for the population. Rates will not display if the "continuously enrolled" member count falls below the reporting threshold.
