**Re: Industry & Local 338 Pension Plan: Employer Withdrawal Liability
LP Transportation, LLC – Estimate for Withdrawal in 2021-2022 Plan Year**

Dear Alicia:

As requested, we have determined the estimated Employer Withdrawal Liability from the Industry & Local 338 Pension Plan (the "Plan") for LP Transportation, LLC for a withdrawal from the Plan during the July 1, 2021 through June 30, 2022 plan year. The withdrawal liability estimate is therefore based on the Unfunded Vested Benefits ("UVBs") of the Plan determined as of June 30, 2021. The Plan's contribution history was based on information in audits of the Plan included in Form 5500 filings.

As you are aware, the Plan first emerged from Critical status in the Plan year beginning July 1, 2019. Based on our understanding of the statute and regulations, we have reflected the contribution increases required by the Rehabilitation Plan during the period while that Plan was in Critical status for purposes of allocating the Plan's UVBs. These increases are not included for purposes of determining the highest contribution rate when determining the annual withdrawal liability payment. Since Horizon Actuarial does not engage in the practice of law, we of course defer to fund counsel regarding any interpretations of the statute and regulations.

The Plan Administrator, Associated Administrators, LLC, provided the contribution and hours-worked history for LP Transportation, LLC. We have included contributions for all contracts and locations identified as LP Transportation, LLC locations at which contributions were required to be made to the Plan in the past 10 years. If there are additional locations or if LP Transportation, LLC is related to any other contributing employer, withdrawal liability could be materially different than what is shown on the enclosed exhibit. If there are additional contribution amounts which should be included or if there are any other omissions or errors, a revised calculation should be performed.

The net estimated withdrawal liability for a complete withdrawal of LP Transportation, LLC during the July 1, 2021 to June 30, 2022 plan year is \$8,793,811. This does not reflect any adjustment that may be applicable due to the application of the 20-year cap in accordance with ERISA 4219(c)(1)(B). We have enclosed an exhibit showing the details of our calculations and a summary of the assumptions used in the calculation.
