

I. Apprentices:

- We have added 6 new apprentices, graduated 2 and released/terminated 11 since our last trustees meeting bringing our total to 91 apprentices.
- We have implemented the test for the apprentices to take in order to elevate them from the A to B class and also from the B to C class.

II. Upgrading Program:

- We have had 24 applicants come in to fill out an application.
- We updated the Apprenticeship Standards in Section 18 for apprentice advancement per approval by the board. We are now waiting for its approval from the State of Florida.
- Mike Smith continues to visit contractors to talk about our apprenticeship, training, and apprentices.
- Mike Smith renewed his CPR on August 30, 2023.
- Mike Smith attended a CPR Train the Trainer on October 5, 2023.
- We need to purchase CPR training aides. (See attached proposal – *Attachment A.*)
- Pam Durant attended an NCCCO Virtual Proctor workshop for Event Online Testing (EOT) on October 5, 2023 in order to earn Proctor Credentials for the upcoming NCCCO written testing.
- Mike Smith has attended and completed training to be the Test Site Administrator (TSA) and Test Site Coordinator (TSC) for Event Online Testing (EOT) for the NCCCO.
- Mike Smith attended a job fair at Plantation High School on October 19, 2023.
- Mike Smith attended the CDL Advisory Committee at Sheridan Technical on October 23, 2023.
- Mike Smith attended the State Advisory Council (SAC) virtual meeting on October 31, 2023.
- Mike Smith attended a job fair at the Boys and Girls Club on November 1, 2023.
- Mike Smith is planning to attend the upcoming 2024 Institute for Apprenticeship, Training and Education Programs scheduled for January 22 – 24, 2024 in Las Vegas, NV. Total cost of attending is \$1,578.92—approval pending. (See *registration announcement - Attachment B.*)
- Mike Smith continues to go to the PCJAC and UJAC meetings. The apprenticeship will send copies of the documents from those meetings to Associated Administrators as requested.
- We are looking to replace the 10-year-old office copy machine, as it's not efficient nor working properly. The maintenance plan for next year will be \$4,500. (See attached proposal – *Attachment C.*)
- We need to order 9 Lenovo laptops to be used for the NCCCO Event online testing. (See attached proposals – *Attachment D.*) We would plan to use the funds from the Supply Chain Automation Workforce Hub Incentive Program.

III. Classes for this Quarter:

- Mike Smith held an OSHA 10 class on August 19-20, 2023. (22 attended.)
- Mike Smith held a Rigging class on September 9, 2023. (19 attended.)
- Mike Smith held a Rigging Practical on September 23, 2023. (14 attended.)
- Mike Smith held a Signaling Class on October 7, 2023. (22 attended.)
- Mike Smith held an extra Signaling Class for Sims Crane on October 21, 2023. (23 attended.)
- Mike Smith held an OSHA 10 class on November 4-5, 2023.
- Mike Smith held extra Rigging class for Sims Crane on November 4, 2023.
- Mike Smith held an extra Rigging practical on November 11, 2023.

IV. School Board:

- Mike Smith will participate in a job fair at Atlantic Technical College followed by a luncheon on November 16, 2023.
- We received a School Board check in the amount of \$64,881.00 for the winter session.

V. Equipment Program:

- Our fuel tanks are out of code and need to be replaced. (See attached proposal – *Attachment E.*)
- Batteries, hoses, and hydraulic cylinder packing kits continue to be the most frequent repairs on the equipment.

VI. Training Site:

- 13 NCCCO Practical's have been given this quarter. (7 have passed, 2 failed (1 fail is pending appeal), and 4 no results).
- There were 71 people signed in on the on-site visitors list this quarter. (See attached sign in sheet – *Attachment F.*) They were here for various reasons: operator evaluations, practice, and training material.
- The Ft. Lauderdale Fire Department will be using our training site to have their training drills on November 6-10, 2023.
- The new building is finished, and we have moved in and started holding training classes. The old trailer has been demolished and removed from the training site location.
- We have a security system installed and need to get cameras to monitor the property. (See attached proposal – *Attachment G.*)

Dear Michael,

We are excited to announce the 2024 **Institute for Apprenticeship, Training and Education Programs**. Mark your calendar for January 22-24, 2024 and plan to join us at the Mirage in Las Vegas, Nevada.

This conference is the hallmark of education on trust fund management and best practices in United States and Canadian apprenticeship programs.

Our committee of industry experts recently met to plan the conference, and we cannot wait to share more details with you as we finalize sessions and speakers.

You can expect to see sessions on:

- Leadership development
- Jobsite culture
- Instructor quality
- Fiduciary responsibility
- Outreach and much more!

Can't make it to Las Vegas? **Register to join us virtually.**

Work in the construction industry? Join us for the **Construction Industry Benefits Conference** on January 25-26, 2024, held after the Apprenticeship Institute in Las Vegas.

We strongly encourage you to attend this beneficial conference designed for those who work with apprenticeship, JATC, training and education programs. Don't miss out—**Save the date and add this conference to your calendar.** If you have any questions, contact the International Foundation at (888) 334-3327, option 2.

I look forward to seeing you there!

Sincerely,

Tom DeRoche

Overview

Park your oval tanks in these extra-large sumps to provide high-volume secondary containment. Great for oil tanks, indoors or out.

- Extra-large sump contains leaks, spills and overfills; helps prevent groundwater contamination outdoors and slippery floors indoors
- Low-density polyethylene (LDPE) construction with UV inhibitors resists UV rays, rust, corrosion and most chemicals for a long, trouble-free life
- Use with tarp (sold separately) to prevent accumulation of rainwater outdoors
- Safely stores a 500- or 550-gallon oval tank; no measuring or guesswork required
- Choose either 3/4" or 2" drain plug for convenient emptying; also available without drain
