

I. Apprentices:

- We have added 13 new apprentices, graduated 4 and released/terminated 5 and 1 transferred to Zone 3 Tampa since our last trustees meeting bringing our total to 107 apprentices.

II. Upgrading Program:

- We have had 52 applicants come in to fill out an application.
- Mike Smith continues to visit contractors to talk about our apprenticeship, training, and apprentices.
- Through the foundation negotiations the training center received a .10 per hour increase in contributions.
- The Training Center purchased the Automated Dispatch Application & Apprenticeship Management System. We had a kickoff meeting with them on April 7, 2025 and we have started sending them documents and information to create our personalized system. We are looking to be able to start utilizing the system by Fall 2025.
- DOC Grant: We propose to purchase a 2012 Terex BT26106 Boom Truck Crane with the sale price of \$165,000.00. This will be purchased with the DOC grant funds in year one (2025) of the grant. (See Attachment A.) This purchase is pending approval by Counsel for the grantor and upon review and approval of the Security Agreement recently submitted by the grantor for trust fund's legal review and approval. (This grant has been delayed due to the federal government's administration change. MDC has had to update the agreement to now include this security agreement.) The Security Agreement now requires that we identify and provide proposals for each piece of equipment to be purchased for each grant year. So, in addition to the Boom Truck, in the following years, we propose to use the grant as follows (see Attachment B – Quotes):
 - 2026 Bobcat S770 Skidsteer in amount of \$102,044.03.
 - 2027 Bobcat E60 mini excavator in amount of \$111,458.54.
 - 2028 Bomag EW120AD-5 compactor in amount of \$51,142.63.
 - 2029 used utility dozer in amount of \$70,000.00.
- Pathways Grant. The training center has been approved for the Pathways Grant in the amount of \$239,552.00. (See Attachment C - Award Letter.) Also see the spending plan per Associated Administrators. (Attachment D.)
- We will need approval to purchase the following items through the Pathways Grant:
 - Bobcat T450 compact track loader in amount \$69,793.00.
 - Bobcat E26 R series Bobcat compact excavator in the amount of \$57,890.00.
- Mike Smith has attended and/or participated in the following:
 - Intro to Tower Crane in Crosby, TX on March 16-21, 2025 (Instructor).
 - Intro to Tower Crane in Crosby, TX on April 28-May 2, 2025 (Instructor). The fund will be reimbursed for Mike Smith's time and travel expenses.
 - Junior Achievement breakfast on February 17, 2025. Highlighting JA programs and pre-apprentices.
 - Youth Automotive Training Center on February 27, 2025. (Speaker.)
 - Career Fair at Amerent Bank Arena on March 11, 2025. World of Work hosted by Career Source.
 - Sheridan Technical Advisory meeting on March 13, 2025.
 - Career Fair on April 10, 2025, at YATC.
 - Career Fair on April 17, 2025, at Park Vista High School.

- Career Fair on April 22, 2025, My Next Move at Arthur Ashe High School.
- Career Fair on April 23, 2025, at Atlantic Technical College.
- On May 5, 2025 Mike Smith is participating in a speaking event at Treasure Coast TC.
- CDX held a presentation at the training site for the mechanic's Program on April 11, 2025. We invited some of our contractors as well to be part of the demonstration. We have the quotes attached for the textbooks and curriculum needed for the program. (See Attachment E.)
- Mike Smith continues to go to PCJAC and UJAC meetings. The apprenticeship will send copies of the documents from those meetings to Associated Administrators as requested.
- We have received our approval letter for the pre-apprenticeship standards program from the Florida Department of Education. (See Attachment F - Approval Letter.)
- Mike Smith is requesting approval to:
 - Attend the FAC 66th Annual Conference being held in St. Pete Beach, FL on July 14-18, 2025.
 - Start an apprentice mechanic program. This will entail a 2nd set of standards through the state for the mechanic program. Because it is a new program, we are eligible to apply for more grants for the separate program.
 - With the additional pre-apprenticeship program and mechanical program, administering the two grants, and in addition maintaining a high number of apprentices, Mike Smith is requesting to hire a full-time instructor. The current rate for full time instructors is \$40.40 per hour plus benefits provided under the CBA. We believe that there will be the opportunity to obtain some of this cost from the grants in the future.

III. Classes for this Quarter:

- The following classes were held or will be held:
 - CPR Class on February 15, 2025. (22 Attended)
 - Signaling class on March 1, 2025. (14 Attended)
 - OSHA 10 certification on March 15 & 16, 2025. (25 Attended)
 - OSHA 30 certification on April 5,6,26,27, 2025. (10 Attended)
 - Forklift class on May 3, 2025.
 - Rigging Class on June 7, 2025. The practical will be on June 21, 2025.
 - CPR class on June 21, 2025.
 - OSHA 10 Class on July 12 & 13, 2025
 - Signaling Class on July 26, 2025.
 - OSHA 30 Class on August 2-3 & August 16-17, 2025.
 - NCCCO Core refresher Classes on August 2, 2025.
 - NCCCO LAT/TLL/TSS refresher on August 3,2025.
 - NCCCO Tower/Overhead refresher August 9, 2025.
 - NCCCO Rigging/Signaling refresher August 10, 2025.
 - NCCCO Review for all on August 16, 2025.
 - NCCCO EOT written test will be held on August 23-24, 2025.

IV. School Board:

- We have nothing to report.

V. Equipment Program:

- Batteries, hoses, and hydraulic cylinder packing kits continue to be the most frequent repairs on the equipment.
- We dismantled the tower crane on April 26, 2025. The top section will be sold. The tower sections will be sent to Morrow for sand blasting and painting for the new tower top. Date to be determined.
- The Manitex Boom truck was sold for \$3,000.
- We received through the PCOG Pathways Grant a 2025 Broderson IC80.
- We received the Ritz Safety Hard hats and glasses through the PCOG Pathways Grant.
- The Milwaukee hand tools have been received through the PCOG Pathways Grant and have started handing out to the apprentices.
- We received the Welder multi process power wave 300C advanced educational 1 pak. This was purchased with the PCOG Pathways Grant.
- We are in the process of painting the Linkbelt 108 Truck Crane.

VI. Training Site:

- 14 NCCCO Practical's have been given this quarter. (13 have passed/1 failed)
- We have had 6 members use our facility to take their NCCCO OPT (online proctor testing) written exams.
- There were 82 people signed in on the on-site visitors list this quarter. (See Attachment G - Sign in Sheet.) They were here for various reasons. (Operator evaluations/testing, practice, and training material).
- Broward Rescue and Firefighters held their tactical training at our site on February 20, 2025.
- The Pile drivers came to use our facility for their Rigging training/qualifications on April 2 – 3, 2025.
- Hiab USA came and did a demonstration on their Knuckle boom at our training facility on April 3, 2025.
- The Local 725 ARPEC (HVAC) has requested us to do NCCCO Rigging/Signaling classes for them. If they want a separate class just for their members we will charge \$65.00 hour. Practical's will also be \$65.00 hour.

October 28, 2024

IUOE 487
Attn: Mike

Dear Sir,

Thank you for the opportunity to quote you on your crane needs. As per your request, please see the details below for a **2012 Terex BT26106, Boom Truck Crane** that we have available for sale.

Equipment Description:
2012 Terex BT26106, Boom Truck Crane

- 26 US Ton Capacity
- Serial Number 140132
- 106' Main Boom
- Jib
- Main Hoist
- LSI Load Moment Indicator
- Wireless Anti-Two Block
- Mounted on Freightliner M2 106
- VIN 1FVHC3BS9CHBM4024
- Cummins Diesel Engine
- Single Steer Axle
- Tandem Drive
- 111,166 Miles
- 6,766 Hours

Sales Price: \$165,000.00

Price is Ex-works: Ft. Pierce, FL

Sales Tax is not included

FET: Not Applicable

Terms: 20%Non-Refundable Deposit w/Signed Contract to reserve crane

Balance due before crane leaves current location

Quote valid for 30 days, Subject to prior sale.

Availability: Immediately

CONDITIONS OF SALE

1. Buyer agrees to pay the amount shown on the face of this order. All payments are due at the offices of Linder Industrial machinery Co., Inc. Plant City, Florida.
2. Buyer agrees that Seller shall retain a security interest in and to the property sold hereunder and any additions or improvements thereto, until payment of the entire purchase price to Seller. Buyer shall execute a Uniform Commercial Code Financing Statement for filing by Seller to perfect the security interest retained in Seller. If any note is given in connection herewith, it shall evidence the indebtedness only and not full payment and the security interest retained by Seller constitutes security for the payment of amounts owing under the note. Unless otherwise provided on the face of this agreement, or any note in connection therewith, the purchase price shall bear interest at the rate of eighteen percent (18%) per annum or, if different, the highest nonusurious rate allowed by law, upon the unpaid balance, if any, until maturity and after maturity at the highest lawful rate. The security interest of Seller in the property sold hereunder shall also extend to all amounts owing under the terms of this contract, including, without limitation, interest, court costs and attorneys fees if incurred by Buyer. Upon delivery of the equipment purchased hereunder, Buyer agrees to execute such notes, security agreements, financing statements and other documents requested by Seller to evidence the obligation and security interest provided herein. Seller's security interest includes proceeds of collateral, if any.
3. Buyer shall not sell, pledge or mortgage the property described herein, nor sell or assign this contract, without Seller's written consent.
4. The property shall remain personal property; not become a part of the real estate and shall not be removed from the county where shipped without Seller's written consent.
5. Buyer agrees to procure forthwith and maintain fire insurance with extended or combined additional coverage on the property for the full insurable value thereof for the life of this contract and promptly deliver each policy to Linder Industrial Machinery Co., Inc. or assigns with a standard long form endorsement attached thereto, showing loss payable to Linder Industrial Machinery Co., Inc., and assigns as respective interest may appear; acceptance of policies in lesser amounts or risks shall not be a waiver of Buyer's foregoing obligations.
6. All risks of loss, damage or destruction shall at all times be on Buyer and shall not release Buyer from his obligation to pay the purchase price.
7. Buyer agrees to pay promptly all taxes, assessments, license fees and other public or private charges when levied or assessed against the property, or this contract, or any accompanying note, and to satisfy all liens against the same.
8. This instrument shall constitute the entire agreement between the parties and shall not become a contract until approved and accepted by an officer of the Seller; and shall be subject to strikes, lockouts, accidents, fire, delays in manufacture or transportation, acts of God, embargoes, or governmental action or any other cause beyond the control of Seller, the occurrence of which shall absolutely absolve the Seller from any liability hereunder.
9. All shipments are F.O.B. shipping point unless otherwise expressly stated on the face of this order. All trade-in allowances are on the basis of equipment delivered to the yard of Linder Industrial Machinery Co., Inc., at Plant City, Florida. Buyer warrants that equipment traded in is free from any and all encumbrances unless otherwise noted on the face of this order.
10. "IF THE PROPERTY SOLD HEREUNDER IS USED, IT IS SOLD "AS IS" AND IS NOT GUARANTEED AS TO CONDITION. IF THE EQUIPMENT IS NEW, IT IS GUARANTEED ONLY TO THE EXTENT OF THE MANUFACTURER'S WARRANTY, AND SELLER MAKES NO WARRANTY AS TO MERCHANTABILITY FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER WARRANTY WHICH EXTENDS BEYOND THE DESCRIPTION ON THE FACE HEREOF."
11. Time is of the essence in this contract. If any of Buyer's debt be not paid promptly when due or if the property be removed or disposed of or encumbered or if other breach occurs, all unpaid sums shall, at the option of the Seller, become immediately due and payable, and Buyer agrees to return the property on demand, and, to the extent permitted by law. Seller or assigns may without notice or legal process enter any premises where the property may be and take possession of it and retain all prior payments as partial compensation for its use, and the property may be sold with or without notice at private or public sale, with or without having the property at the sale, at which Seller or its assigns may purchase, and the proceeds thereof, less expenses of retaking, repairing, holding, reselling and reasonable attorney's fees, credited upon the amount unpaid, and Buyer will pay the balance forthwith as liquidated damages for the breach of this contract, any surplus, however, to be paid to Buyer.
12. Seller shall not be held liable or responsible for any damages, whether on account or personal injuries or otherwise, suffered or sustained in the operation of the property, nor for any damages resulting to the Buyer by reason of any delays or alleged failure of said property to operate.
13. Buyer agrees to pay reasonable attorney's fees and court costs for the enforcement of Seller's right after Buyer's default.
14. Seller's responsibility for shipments ceases upon delivery to transportation company, and any claims for shortages, delays or damages occurring thereafter shall be made by the Buyer directly to the transportation company. Any claims against the Seller for shortages in shipments shall be made within fifteen (15) days after receipt of shipment.
15. If Buyer by his conduct or notice breaches any of the terms of this contract, Seller shall be entitled to retain any advanced deposit as liquidated damages without any restriction on the Seller to institute legal action for actual damages sustained as the result of the breach which are in excess of the deposit so forfeited.
16. Failure of Seller to declare any default by Buyer or to enforce any term of this contract shall not constitute a waiver of the right of Seller to enforce any term hereof or to declare any default (including that not enforced or declared) in the future; all of Buyer's rights hereunder are cumulative and not alternative. If Seller assigns this contract, it shall not be assignee's agent for any purpose; Buyer will settle all claims, defenses, set-offs and counterclaims it may have directly with Seller, and not set up any thereof against Seller's assignee. No waiver, or change in this contract or any related instruments, shall bind such assignee unless in writing signed by one of Seller's officers.
17. Any controversies shall be settled, or litigated under the applicable law of the State of Florida, and any litigation shall be tried by the Courts of Hillsborough County, Florida, exclusively.
18. The Purchaser agrees that the Seller shall not be responsible for delays or failure to supply said property due to strikes, manufacturer's production, fire, war conditions, governmental actions or other causes beyond its control, nor for damages of loss during transportation. Acceptance of delivery from the carrier by Purchaser shall constitute a waiver of all claims for damage or delay from whatsoever cause.

Purchase has read, understands, and acknowledges that this contract is also subject to the terms and purchaser grants seller a security interest in the above equipment until payment in full of purchase price. Acceptance must be signed by authorized representative of Seller to be effective.

John Deere 650K LGP

Basic Information

Category	Crawler Dozer
Make	John Deere 650K LGP
Year	2018
Country	United States
Price	64,500 USD
Unit Number	13263891
Hours	5,129 h
Serial Number	1T0650KKHJF324453
Additional Information	2018 John Deere 650K LGP Crawler Dozer

Enclosed Cab, Air Conditioner, 2017 US EPA Label, Requires Diesel Exhaust Fluid, 124 in Wide PAT Blade, Drawbar, 24 in Track Shoes. to see more information.

INSTRUCTIONS
PROJECT AWARD NOTIFICATION

- 1** Project Recipient: Agency, Institution or Non-Governmental entity to which the project is awarded.
- 2** Project Number: This is the agency number, grant number, and project code that must be used in all communication. (Projects with multiple project numbers will have a separate DOE-200 for each project number).
- 3** Project Description: Title of program and/or project. TAPS #: Departmental tracking number.
- 4** Authority: Federal Grants - Public Law or authority and CFDA number. State Grants - Appropriation Line Item Number and/or applicable statute and state identifier number.
- 5** Amendment Information: Amendment number (consecutively numbered), type (programmatic, budgeting, time extension or others) in accordance with the Project Application and Amendment Procedures for Federal and State Programs (Green Book), and effective date.
- 6** Project Periods: The periods for which the project budget and program are in effect.
- 7** Authorized Funding: Current Approved Project (total dollars available prior to any amendments); Amendment Amount (total amount of increase or decrease in project funding); Estimated Roll Forward (roll forward funds which have been estimated into this project); and Total Project Amount (total dollars awarded for this project).
- 8** Reimbursement Options:
 - Federal Cash Advance –On-Line Reporting required monthly to record expenditures.
 - Advance Payment – Upon receipt of the Project Award Notification, up to 25% of the total award may be advanced for the first payment period. To receive subsequent payments, 90% of previous expenditures must be documented and approved by the Department.
 - Quarterly Advance to Public Entity – For quarterly advances of non-federal funding to state agencies and LEAs made in accordance within the authority of the General Appropriations Act. Expenditures must be documented and reported to DOE at the end of the project period. If audited, the recipient must have expenditure detail documentation supporting the requested advances.
 - Reimbursement with Performance - Payment made upon submission of documented allowable expenditures, plus documentation of completion of specified performance objectives.
- 9** Timelines: Date requirements for financial and program reporting/requests to the Department of Education.
- 10** DOE Contacts: Program contact for program issues, Grants Management Unit for processing issues, and Comptroller's Office number for payment information.
- 11** Terms and Special Conditions: Listed items apply to this project. (Additional space provided on Page 2 of 2 if needed.)
- 12** Approved: Approval signature from the Florida Department of Education and the date signature was affixed.

CERTIFICATION		

I, Michael Smith, as the official who is authorized to legally bind the agency/organization, do hereby certify to the best of my knowledge and belief that all the information and attachments submitted in this application are true, complete and accurate, for the purposes, and objectives, set forth in the RFA or RFP and are consistent with the statement of general assurances and specific programmatic assurances for this project. I am aware that any false, fictitious or fraudulent information or the omission of any material fact may subject me to criminal, or administrative penalties for the false statement, false claims or otherwise. Furthermore, all applicable statutes, regulations, and procedures; administrative and programmatic requirements; and procedures for fiscal control

and maintenance of records will be implemented to ensure proper accountability for the expenditure of funds on this project. All records necessary to substantiate these requirements will be available for review by appropriate state and federal staff. I further certify that all expenditures will be obligated on or after the effective date and prior to the termination date of the project. Disbursements will be reported only as appropriate to this project, and will not be used for matching funds on this or any special project, where prohibited.

Further, I understand that it is the responsibility of the agency head to obtain from its governing body the authorization for the submission of this application.

Instructions for Completion of DOE 100A

- A. If not pre-populated, enter name and TAPS number of the program for which funds are requested.
- B. Enter name and mailing address of eligible applicant. The applicant is the public or non-public entity receiving funds to carry out the purpose of the project.
- C. Enter the total amount of funds requested for this project.
- D. Enter requested information for the applicant's program and fiscal contact person(s). These individuals are the people responsible for responding to all questions, programmatic or budgetary regarding information included in this application. The Unique Entity Identifier (UEI) requirements are explained on page A-2 of the Green Book. The Applicant name must match the name associated with their UEI registration. The Physical/Facility address and Federal Employer Identification Number/Tax Identification Number (FEIN/FEID or TIN) (also known as) Employer Identification Number (EIN) are collected for department reporting.
- E. **The original signature of the appropriate agency head is required.** The agency head is the school district superintendent, university or community college president, state agency commissioner or secretary, or the chairperson of the Board for other eligible applicants.
 - **Note: Applications signed by officials other than the appropriate agency head identified above must have a letter signed by the agency head, or documentation citing action of the governing body delegating authority to the person to sign on behalf of said official. Attach the letter or documentation to the DOE 100A when the application is submitted.**

Program Proposal Deliverables									
NOTE: Operating Programs should fill this chart in using the predetermined deliverables provided in the Project Concept Instructions word document.									
Criteria-A Total of 5 Deliverables for new and expanding programs · <i>The program deliverables are aligned with the purposes/priorities of this funding opportunity.</i> · <i>The objectives are measurable, qualitative, challenging, yet achievable, and support the associated deliverables.</i> · <i>The milestones and timeframes are specific and realistic in order to achieve the program goal.</i> · <i>The specific role, activities and expected contributions of each of the partners should be included whenever possible to show the strength of support to the program.</i> · <i>All deliverables must be achieved within the grant period and may not contain goals and outcomes beyond the last date of the grant period.</i>									
Program Deliverables: List the proposed program deliverables to be achieved during the grant period BELOW . <i>(Required elements of the grant such as purchasing equipment and submitting reports should <u>not</u> be included) .</i>		Deliverable Objectives: Describe BELOW in detail, the major activities of the apprenticeship or preapprenticeship program, including timeframes, as they relate to the achievement of the "Program Deliverable" listed in the previous column.		Deliverable Outcomes: Describe BELOW the key outcomes associated with the program (i.e. number of participants served or to be served, the proposed number of completers, and any other outcomes and deliverables of the program). As they relate to the "Program Deliverable" in the first column.		Deliverable Completion Dates: Describe BELOW the key markers of grant progress, as they relate to the "Program Deliverable" in the first column. <i>(Use specific dates associated with an action or event marking a significant change or stage in achievement of the deliverable).</i>			
1	Operate an existing apprenticeship program	1	Utilize PCOG funds to maintain and operate an apprenticeship program in the state of Florida during FY2025.	1	Documentation to confirm the number of current enrollees in the program for the reporting quarter to include signed apprenticeship agreements and a DOE-399 showing the funds have been expended	1	End of the first quarter. 2024-2025 Pathways to Career Opportunities Grant (PCOG) Solicitation of Project Concept

Governor Ron DeSantis
Commissioner of Education Manny Diaz, Jr.

Friday, April 12, 2024

Pathways to Career Opportunities Grant Project Concept Instructions

- 1) Please use Calibri size 12-point font throughout this Excel Worksheet.
- 2) Written responses should be brief, clear and concise. Each narrative box contains a **character limit**.
- 3) Responses should be written without paragraphs, excessive spaces or bullet points. (see examples below).

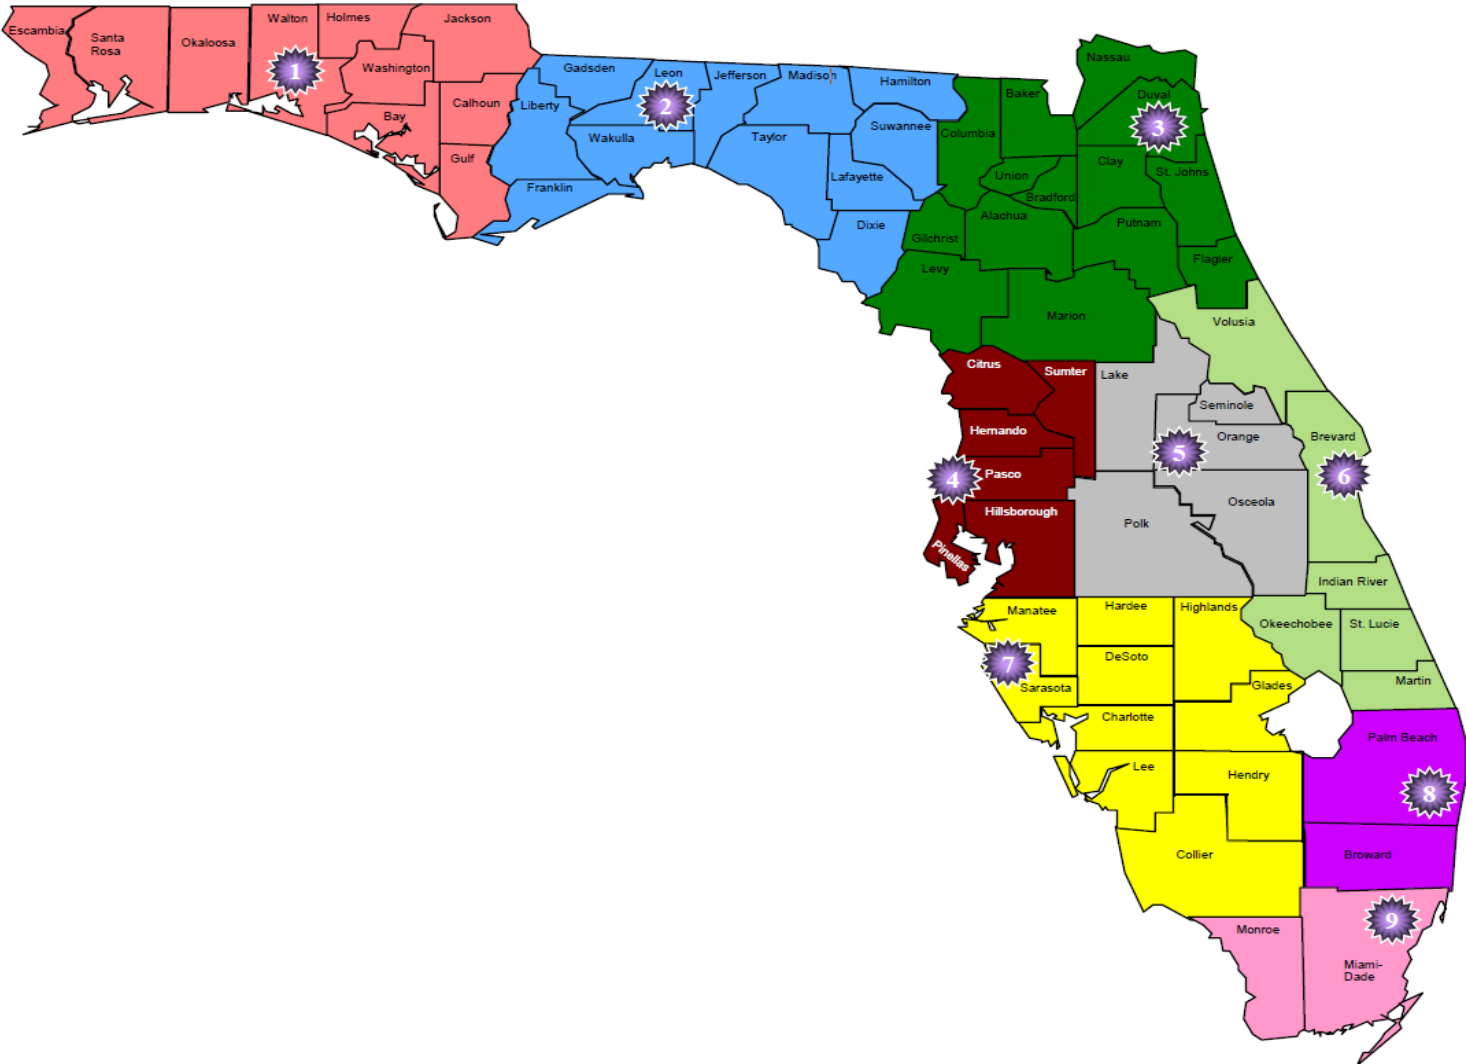

Florida Sunshine Apprenticeship Program partners with or works closely with several employers;

- Florida Florists
- The Tree fellas
- Fantastic Farms
- Gardens and Landscaping, Inc.

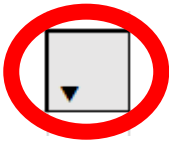

Each employer that participates in the Florida Sunshine Apprenticeship program will sign a Participating Employer's Agreement. These companies identify existing employees or new hires who will enroll in our programs and receive training, to include RTI, while earning a college certificate or degree. The companies pay for the instruction and also provide OJT while the student apprentices are at work.

Florida Sunshine Apprenticeship Program partners with or works closely with several employers; Florida Florists, The Tree fellas, Fantastic Farms, and Gardens and Landscaping, Inc. Each employer that participates in the Florida Sunshine Apprenticeship program will sign a Participating Employer's Agreement. These companies identify existing employees or new hires who will enroll in our programs and receive training, to include RTI, while earning a college certificate or degree. The companies pay for the instruction and also provide OJT while the student apprentices are at work.

- 4) Use this Apprenticeship Training Regional (ATR) map to answer question #6 on the General Information tab.

- 5) You can see if a question has a drop down menu by looking for the following icon next to that space.

6) "New", "operating" or "expansion" should be selected in the *General Information* tab, the corresponding program tab should be filled in depending on which selection is made. For example if "New" is selected in the *PCOG Concept Information* tab, then only the *PCOG New Program* tab should be filled in skipping the *PCOG Expansion Program* and *PCOG Operating Program* tabs. All project concepts should fill in the fiscal information, enrollment chart, completion chart and budget tabs.

Key Terms and Provisions

Definitions

New Program: New funding concept pitches seek to establish brand new apprenticeship or preapprenticeship programs as evidenced by a training plan for the program that meets the requirements for registration under Rules 6A-23 or 6A-23.010, Florida Administrative Code (F.A.C.), and which must be registered with the Florida Department of Education within 120 days of grant award. Upon registration the program will be issued a unique program number. See provisions below.

Expansion Program: Expansion concept pitches seek to increase capacity of apprentices and/or occupations of an existing program that is registered with the Florida Department of Education (state apprenticeship agency) to do the following:

- Add a new occupation(s) to the existing registered standards for the program (within 120 days of grant award)
- Add new training seats to an existing occupation(s) contained in the registered standards for the program. For example, if a program trains a cohort of 30 welder apprentices in a single year, an example of expansion would be the program intends to add an additional 8 seats (in the funding year) to the cohort to train a total of 38 welder apprentices. See provisions below.

Operation of Existing Program: Concept pitches for operation funds for existing registered apprenticeship or preapprenticeship programs are limited to those programs that are fully registered with the Florida Department of Education (state apprenticeship agency) that do not partner during the funding year with a public Local Educational Agency (LEA) for related technical instruction. The project concept must be submitted by the registered sponsor. PCOG funds may be used to support the operating costs of the program to recruit, train and graduate apprentices. See provisions below. Operating programs are eligible for up to \$3,000 per apprentice and \$1,500 per preapprentice, this is subject to the availability of funds and may be prorated.

A Project Concept that includes shared budgetary resources: A project concept that includes shared budgetary resources submitted by one applicant who will be considered the fiscal agent. See provisions below.

State University System: The 12 State University System of Florida institutions can be located using the link below.

<https://www.flbog.edu/universities/>

Florida College System: The 28 member colleges of the Florida College System can be located using the link below.

<https://www.fldoe.org/schools/higher-ed/fl-college-system/about-us/colleges.stml>

Provisions

A Project Concept that includes shared budgetary resources: A project concept that includes shared budgetary resources: Shared resources may be between two or more registered programs such as an apprenticeship and a preapprenticeship. Some examples of resources that might be shared include related technical instruction, equipment, space, instructional personnel, outreach and wrap around services. Because of the nature of “new” programs, and the unique funding model for “operating” programs, project concepts including shared budgetary resources are limited to those applying for an “expansion program.” A letter of attestation from the registered program(s) who will be sharing budgetary resources with the fiscal agent is required with the project concept.

Preapprenticeship: Each individual preapprenticeship program must be directly sponsored by one or more registered apprenticeship programs in the same occupation, or in the case of a multiple occupations sponsor, the same occupations. A letter of support from the registered apprenticeship sponsoring program will be required with the project concept.

Operating and Expansion programs: Programs may only apply to PCOG for one type of application, both operating and expansion cannot be applied for in the same grant cycle.

Expansion programs: Submitting a project concept for an expansion grant on behalf of an employer or sponsor will require a letter of attestation from the employer or sponsor with the project concept to indicate they will expand capacity or add an occupation(s).

New programs: Submitting a project concept for new program funds, who do not intend to serve as the actual program sponsor, must obtain a signed letter of attestation from the intended program sponsor supporting the project concept. Applicants for new program funds, who intend to serve as the program sponsor, must obtain a signed letter of attestation from at least one intended participating employer who will employ and train apprentices.

General Program Information

1) Applicant Name *(name of the agency who will serve as the fiscal agent)*

South Florida Operating Engineers Joint Apprentice and Training Trust (JATT)

2) Applicant Type *(Public High School, School District, Charter Technical Career Center, Florida College System Institution, State University System Institution or Other Authorized Entity)*

Other Authorized Entity

3) Contact Name: Detail the point of contact name, title and phone number of the person the FDOE should contact regarding this project concept solicitation. *(provide a minimum of two contacts)*

Mike Smith, Training Director, (954) 434-8309; Pam Durant, Office Manager, (954) 639-3465

4) New, Operating or Expansion *(Expansion and Operating should only be selected for programs that are already a Registered Apprenticeship or Preapprenticeship Program. Please see "Key Terms and Provisions" tab for additional information)*

Operating

5) Program Type *(Apprenticeship or Preapprenticeship)*

Apprenticeship	
6) Primary Region Served (<i>using the regional map on the "PCOG Instructions" tab of this application</i>)	
8	
7) Additional region(s) to served by this concept pitch (<i>if applicable</i>)	
9	
8) If the applicant has an existing registered apprenticeship or preapprenticeship program, indicate the Registered Program Number in the space below. If the applicant does not have an existing program enter "N/A."	
FL007900016	
9) Provide the name of the entity that will be providing the Related Technical Instruction (RTI). Provide information on the roles and responsibilities with regard to the operation of the program. a. Is the applicant the Local Education Agency (LEA) providing the RTI, b. Is the Applicant partnering with an LEA to provide the RTI, or c. Is the applicant designing and implementing thier own RTI?	
At South Florida Operating Engineers JATT, we implement our own RTI.	
10) Is the applicant filing a joint project concept that includes shared budgetary resources? If the response to this question is "Yes" fill in questions 11-12 , if "no" skip to question 13. (<i>Please see "Key Terms and Provisions" tab for additional information</i>)	
No	

11) Provide the program name and Registered Program Number of the program who will act as the fiscal agent for the shared resources in the space below.
N/A
12) Provide the Registered Program Number and name for each partner(s) with whom budgetary resources will be shared.
N/A
13) List the occupations that will be offered utilizing this funding opportunity.
Operating engineer, which includes crane operator, oiler, driver, rigger, signalman, pump operator, welder fabricator, tug boat operator, batch plant operator, swamper, assembly/disassembly, mechanic, and utility operator, excavator.
14) List the participating Employers Per Occupation. <i>(There should be a minimum of one employer per occupation)</i>

Operating Engineer Employers: B & M Marine Construction Inc.; Betancourt Construction Inc.; Berkel & Company Contractors; C & C Augering, Inc.; Chuck's Backhoe Service, Inc.; D.L.S. Prestressed, Inc.; Day; Zimmerman, NPS, Inc.; Dun Transportation & Stringing, Inc.; Ebsary Foundation Company; Epperson Cranes, Inc.; Florida Crane & Rigging Co.; Florida Equipment Contractors; Fred Teitelbaum Construction Co. ; G & R Minerals Services; Green Team Service Corp.; Gold Coast Crane Services, Inc.; H.J. Foundation Company; Kelley Equipment Co. of Fla. Inc.; L & R Structural Inc.; M.J. Harrison Leasing, Inc.; Malcolm Drilling Co., Inc.; Maxim Crane Works, LP; Morrow Equipment Co., LLC; Pre-Con Construction, Inc; R.W. Harris, Inc.; Shoreline Foundation, Inc.; Sims Crane & Equipment Co.; Tarmac America, Inc.; United Excavations Inc.; W.W. Gay Mechanical Contractors, Inc.; Williams Specialty Services, LLC; Zeiger Crane Rental Inc. ; Tricon Group; A Crane Rental; Able Logistics South; Green Team Service Corp.; Sarens Nuclear & Industrial LLC; Equipment Inspection Services, Inc.; Pruitt Industrial Electrical Contractor

Fiscal Information

Tuition and fees are not allowable for reimbursement using PCOG funding.
Guidance regarding the assessment of tuition and fees can be found in 1009.25 Florida Statutes.

1) Will the participants of this program be assessed tuition and fees?

No

2) If "yes" was selected for question 1 describe in detail the tuition and fees that will be assessed to participants including the amount.

3) Will there be an arrangement or partnership with an LEA in place to receive funding for Full-Time Equivalent (FTE)?

Yes

4) If "yes" was selected for question 3 describe in detail the arrangement or partnership to receive funding for FTE including the amount.

We have an agreement with Atlantic Technical College and the Broward County School Board. The Broward County School Board provides us 90 cents per apprentice per hour for the provision of related technical instruction and on-the-job training.

5) Describe in detail all other sources of funding the program will receive.

We receive contributions from our employer partners who provide on-the-job training for our apprentices at the rate of 80 cents per member per hour.

6) Based on the amount requested in this application, provide the dollar amount requested per projected enrollee in the program and provide the need and justification for the amount requested.

The dollar amount requested per apprentice is \$2,818.26. The bulk of our funding request is for equipment on which we train our apprentices that is at or near the end of its useful life. Heavy equipment is expensive, but it is necessary for apprentices to receive hands-on training in operating heavy equipment not only so they acquire the necessary skills required on the job site, but also for the sake of everyone's safety on the job site. Simulations and virtual reality are useful, but can only go so far and cannot replace hands-on training on equipment they will use day to day on the job site. We currently do not have enough hands-on equipment for our 85 apprentices. Our most expensive equipment purchase request is for an industrial crane with 11'6"-30' boom. The cost of the crane is \$178,568. We are requesting 48% of this cost, \$86,445.62. South Florida Operating Engineers Local 487 Joint Apprenticeship and Training Trust (JATT) will commit to paying 52% of the total cost of the crane, \$92,122.38. Our current crane cannot pass an annual inspection because of its age and updated regulations. We do not currently have a tracked loader (cost \$69,793.00) or mini excavator (cost \$58,240.00). This equipment is frequently used on job sites with multiple attachments, and our apprentices need to hone skills prior to being assigned to job sites. We currently have a stick welder. The welder we are requesting funding for (\$18,223.00) performs stick, MIG, TIG, Flux cored, and gas welding. Some of our apprentices do not have a construction background, and their income prior to starting the apprenticeship program is low or at the poverty level. Purchasing hard hats and safety glasses for apprentices removes one of the barriers to apprenticeship entry. We are requesting funding for 108 hard hats at \$11.56 each total \$1,248.48 and 100 safety pairs of safety glasses at \$2.69 each total \$269.00.

7) Describe how the applicant intends to ensure the financial sustainability of the apprenticeship program after the grant period ends.

Our registered apprenticeship program will continue to be sustainable beyond the grant period through contributions from the Broward County School Board as well as employer contributions. We are also actively seeking grant funding to improve and expand our program and have hired a grant consulting firm to assist us in seeking and applying for grants.

Pathways to Career Opportunities Grant Project Concept

Character Count:
LIMIT 4000

Fill in this tab if applying for an "Operating Program"

1) Describe the projected employment opportunities and the regional or statewide demand for the occupations for which the applicant will train using this funding. *(Cite labor market sources)*

Operating engineers operate the heavy equipment—like bulldozers, motor graders, backhoes, and cranes—that form and shape our country’s infrastructure (roads, tunnels, bridges, subway systems, dams, pipelines, etc.) and buildings (residential, commercial, and public buildings like hospitals and schools). Operating Engineers are the first on a construction job and the last off. When it involves a commercial or industrial complex, stationary engineers are there long after the construction is finished, operating and maintaining the completed facility. According to the U.S. Bureau of Labor Statistics, the median annual wage for construction equipment operators nationally was \$55,270 in May 2023. About 42,300 openings for construction equipment operators are projected each year, on average, over the decade. This represents a 3% growth rate, which is the average growth rate of all occupations. Many of those openings are expected to result from the need to replace workers who transfer to different occupations or exit the labor force, such as to retire. In Florida, operating engineers are projected to experience a growth rate of +13% between 2020 to 2030, which is more than quadruple the national projected growth rate. (CareerOneStop) The projected annual openings in Florida between 2020 to 2030 is 2,890. Median wages for an operating engineer: National median hourly: \$24.74 (\$51,430 annually); Florida median hourly: \$21.74 (\$45,220 annually). South Florida Operating Engineers jurisdictional range: Crane Operator: \$40.40 (\$84,032 annually); Electric Tower Crane: \$37.27 to \$39.58 (\$77,521 to \$82,326 annually); Mechanic I: \$37.27 (\$77,521 annually); Mechanic II: \$31.76 (\$66,060 annually); Crane Oiler, Rigger: \$27.73 (\$57,678 annually); Driver: \$23.75 (\$49,400).

1782 /4000

2) How many registered apprentices or preapprentices are currently registered in the program (per occupation if applicable)?

85 apprentices total

20 /4000

3) What is the annual capacity for training apprentices or preapprentices in the program? *(This is the maximum number of seats available filled or unfilled for each occupation)*

We have the capacity to train 300 apprentices annually and enough classroom space to train 100 apprentices per night. If employer demand increases, we have the capacity to increase apprenticeship enrollment.

207 /4000

4) Identify the applicant's collaborative partnership(s), including businesses and/or Local Workforce Development Boards (i.e., CareerSource, Florida Ready to Work, etc.). Describe the specific roles, activities, expected contributions, and if there is, or will be, an agreement in place for each of the partners.	
At South Florida Operating Engineers JATT, we work with our local CareerSource career center, as well as local colleges—including Atlantic Technical College, Sheridan Technical College, Miami Lakes Technical College, Robert Morgan Educational Center—for outreach and recruitment. We attend Career Fairs, Trade Shows, and meet with students at numerous tri-county vocational technical schools, high schools, middle schools, and elementary schools. Our outreach introduces people—including young people—to the potential of a rewarding career as an Operating Engineer.	565 /4000
5) Describe how the project will incorporate one or more of the goals included in the State Board of Education's K-20 Strategic Plan, outlined at: http://www.fldoe.org/policy/state-board-of-edu/strategic-plan.stml .	
This project will meet the State Board of Education's goal of higher student achievement. According to the most recent published data from the Florida Department of Education, the Florida college system shows a graduation rate for students achieving a baccalaureate degree at around 46%. Many college students take out student loans to attend college and, when they fail to graduate, not only do they not have the benefit of a college degree, but they are saddled with student loan debt. Individuals participating in registered apprenticeship programs have numerous advantages. Apprentices receive paid on-the-job training. In our registered apprenticeship program, apprentices start at \$21.30 per hour and receive a wage increase every six months, earning \$25.44 by the fourth and final year of the program. When they complete a registered apprenticeship program, our graduates have no student loan debt. In addition, because our apprenticeship program accepts only the number of students that the local workforce demands, when an apprentice graduates, they are nearly guaranteed secure employment. Our project also meets the board's goal of skilled workforce and economic development. Our apprenticeship program directly supports the development of skilled tradespeople. Since 1990, hundreds of apprentices have completed our program. South Florida Operating Engineers JATT is helping to fill the demand for skilled operating engineers in Florida.	1449 /4000
6) Provide a high-level overview of what this program is accomplishing.	

Established in 1911, the International Union of Operating Engineers, Local Union 487 represents employees in construction and industrial occupations in both public and private sectors. Our members’ skills range from commercial driver to heavy equipment operator. Our geographic jurisdiction covers the Florida counties of Broward, Charlotte, Collier, Glades, Hendry, Highlands, Indian River, Lee, Martin, Miami-Dade, Monroe, Okeechobee, Palm Beach, and St. Lucie Counties. We launched our Registered Apprenticeship Program (RAP) in 1990. At South Florida Operating Engineers JATT, we train the heavy equipment operators and mechanics in the construction industry as well as the stationary engineers who maintain and operate building and industrial complexes and service industries. Our RAP is a four-year, nationally recognized training program. It is registered with the Florida Dept. of Education and the U.S. Department of Labor. The program includes 8000 hours of on-the-job training, 300 hours of classroom training, and 300 hours of hands-on training. We are an equal opportunity program and welcome applicants from underrepresented populations, including veterans, opportunity youth, LGBTQ, justice-involved individuals, low income individuals, and English language learners. We ensure that tuition is not a barrier to participation; apprentices participate in our program free of charge. Apprentice wages are 72% to 86% of journeyworker wages, increasing as they progress through the program. As soon as an apprentice is accepted into the program and assigned to an employer, benefits are paid on the apprentice’s behalf, including family health insurance, pension plan, life insurance, dental, and eye care. An apprentice must accrue 300 hours before health insurance, dental, and eye care becomes active. The registered apprenticeship program is a win-win for both employers and apprentices. Our Joint Apprenticeship and Training Trust (JATT) provides employers with a pool of qualified, skilled workers to meet the demand for and alleviate the shortage of workers in the skilled trades involving heavy construction equipment. We offer apprentices a structured training plan with a focus on mastering specific skills that local employers need. Apprentices receive individualized mentorship with experienced journeyworkers, who guide them throughout their apprenticeship. Our apprentices receive paid OJT with pay increases every six months. In addition, our staff of instructors—experienced journeyworkers in their own right— provide RTI on the required technical and academic competencies. Upon successful completion of the apprenticeship program, our apprentices receive a portable, industry-recognized credential as well as 27 college credits towards Construction Management, which are recognized by all of the state colleges and universities in Florida. Our registered apprenticeship program offers Floridians a pathway to high-quality careers where participants “earn as you learn” rather than incur student loan debt in pursuit of a college degree. The entry wage for a 1st-year apprentice is currently \$21.30/hour plus health and welfare insurance and contribution to a pension plan. Apprentices then receive guaranteed pay increases every six months during their four-year apprenticeship. Upon completion of the registered apprenticeship program, journeyworkers receive hourly wages of \$40.40 (crane operator) to \$23.75 per hour (driver) plus fringe benefits including health & welfare and a pension plan.	3524 /4000

DOE-101S Budget Narrative Form Instructions					
A) Enter Name of Eligible Recipient/Fiscal Agent					
B) Enter DOE Assigned Project Number					
C) Enter TAPS Number					
D) Enter the Total Amount for column (5)					
(1) Function Code – <i>For School Districts Only</i> – Enter the Function Code, as required in the <i>Financial and Program Cost Accounting and Reporting for Florida Schools Manual</i> , which best classifies the overall purpose or objective of the goods or services budgeted.					
(2) Object Code – Enter the Object Code which best classifies the goods or services budgeted. <i>School Districts</i> - Use the three-digit Object Code as required in the <i>Financial and Program Cost Accounting and Reporting for Florida Schools Manual</i> ; <i>Colleges and Universities</i> - Use the first three digits of the Object Codes listed in the <i>Florida Accounting Information Resource Manual</i> ; <i>Non-public entities</i> – Use the Object Codes that are used in the respective entity’s/agency’s chart of accounts.					
(3) Account Title and Narrative - Provide the Account Title that applies to the Object Code listed in (2) and a detailed Narrative that includes a description of each good or service budgeted and its purpose or use. For example: <i>Salaries</i> – Describe the type(s) of position(s) requested and the major responsibilities/duties of each position(s). Use a separate line to describe each type of position. <i>Other Personal Services</i> – Describe the type of service(s), its purpose or use, and an estimated number of hours for each type of position. OPS is defined as compensation paid to persons, including substitute teachers not under contract, who are employed to provide temporary services to the program. <i>Professional/Technical Services</i> – Describe the services rendered by personnel, other than agency personnel employees, who provide specialized skills and knowledge. <i>Contractual Services</i> and/or Inter-agency agreements – Describe the services to be rendered and the type of entity or agency (name, if available). <i>Travel</i> – Describe each type of travel to be supported with project funds, such as conference(s), local travel, in- or out-of-district, and out-of-state. Do not list individual names. List individual position(s) when travel funds are being requested to perform necessary activities. <i>Materials and Supplies</i> - Describe the type of item to be purchased and its purpose or use. <i>Capital Outlay</i> - Describe the type of item/equipment to be purchased and its purpose or use. <i>Indirect Cost</i> - Refer to the <i>DOE Project Application and Amendment Procedures for Federal and State Programs (Green Book)</i> for additional guidance regarding indirect cost. - <i>School Districts Only</i> - Provide the percentage rate from the district’s Approved Indirect Cost Plan. - <i>Colleges and Universities Only</i> – Provide the percentage rate (maximum of 5%) approved by the DOE.					
(4) FTE - (Only applicable for items classified as <i>Salaries and Other Personal Services (Refer to (2) Object Code.)</i> Enter the total number of positions (as FTEs*) that will be supported with these funds. *Full-Time Equivalent (FTE based on the standard workweek for the type of position) is the number of positions to be funded. Determine FTE by dividing the standard number of weekly hours (e.g., 35 hours) for the type of position (e.g., teacher aide) into the actual work hours to be funded by the project.					
(5) Amount - Enter the total amount budgeted for each line item.					
(6) Percent Allocated – For each line item, enter the appropriate percentage that is allocated or applicable to this project (see pages 3-4 for examples).					
DOE 101S- Instructions - Page 1 of 1					
Februrary 2022					

(6) PERCENT ALLOCATED If the cost entered in (5) for each service/commodity listed in (3) is not the total cost of this service/commodity, enter the appropriate percentage in (6) that is applicable to this project. If the cost entered in (5) for each service/commodity listed in (3) is the total cost for this service/commodity and is applicable to this project, enter 100% in (6).

Example A

(1)	(2)	(3)	(4)	(5)	(6)	EXPLANATION
FUNCTION	OBJECT	ACCOUNT TITLE & NARRATIVE	FTE POSITION	AMOUNT	% ALLOCATED to this PROJECT	
6200	110	Salaries - Provides for supervision of all project activities; specific areas for supervision/ coordination are listed by position below. Supervisor/Grant Administration/National Instructional Materials Accessibility Standards Coordinator/Professional Development and Training	2	\$120,000	100%	The total cost for the two positions listed in (5), a Supervisor and a Coordinator (2.0 FTE), are charged to this project. Therefore, the percent of the cost for Salaries and Benefits allocated to this project is 100%.
6200	210	Retirement (9.85%)		\$11,820	100%	
6200	220	FICA (6.20%)		\$7,440	100%	
6200	223	Medicare (1.45%)		\$1,740	100%	
6200	231 / 232	Health / Life (11.90%)		\$14,280	100%	
6200	240	Worker's Comp. (1.26%)		\$1,512	100%	
			TOTAL	\$156,792		

Example B

(1)	(2)	(3)	(4)	(5)	(6)	EXPLANATION
FUNCTION	OBJECT	ACCOUNT TITLE & NARRATIVE	FTE POSITION	AMOUNT	% ALLOCATED to this PROJECT	
7900	430	Utilities - Electricity, water and sewage charges for the facility where this project is housed.		\$10,000	50%	The total cost for utilities for the facility where this project is housed is \$20,000 annually. However, this project only occupies 50% of the facility. Therefore, the percent of the cost for Utilities allocated to this project is 50%.
			TOTAL	\$10,000		

(6) PERCENT ALLOCATED (continued)

Example C

(1)	(2)	(3)	(4)	(5)	(6)	EXPLANATION
FUNCTION	OBJECT	ACCOUNT TITLE & NARRATIVE	FTE POSITION	AMOUNT	% ALLOCATED to this PROJECT	
6300	331	In County Travel - Travel cost for staff to and from agency headquarters to designated program sites for the purpose of performing activities related to the administration and supervision of project.		\$1,980	100%	The mileage estimated for travel for district staff to and from the county office to the program sites was estimated to be 4,500 miles annually @ \$0.44/mile. Therefore, the percent of the cost for In County Travel allocated to this project is 100%.
			TOTAL	\$1,980		

Example D

(1)	(2)	(3)	(4)	(5)	(6)	EXPLANATION
FUNCTION	OBJECT	ACCOUNT TITLE & NARRATIVE	FTE POSITION	AMOUNT	% ALLOCATED to this PROJECT	
NA for Private Entities	350	Purchased Services - Contract with ABC Company for the repair/ maintenance of the office equipment; one laser printer and copier.		\$1,250	25%	The total cost for the maintenance contract for this equipment is \$5,000. It has been determined that this project only uses this equipment 25% of the time. Therefore, the percent of the cost for Purchased Services allocated to this project is 25%.
			TOTAL	\$1,250		

FDOE Projected Equipment Purchases Form Instructions

Inventory Guidelines

The following elements are required on the inventory of all equipment purchased.

EDGAR 80.32(d)(1): Property records must be maintained that include a description of the property, a serial number or other

State Requirements for inventory elements are located in Rule 69I-72.003, Florida Administrative Code, Recording of Property.

Does the agency's inventory system contain all required federal and state elements listed above?
YES NO

Division of Career and Adult Education

PROJECTED EQUIPMENT PURCHASES FORM

Instructions for Completion

This form should be completed based on the instructions outlined below, unless instructed otherwise in the Request for

- A. Enter Name of Eligible Recipient.
- B. Project Number (DOE USE ONLY)

COLUMN A - FUNCTION CODE: SCHOOL DISTRICTS ONLY: Use the four digit function codes as required in the Financial and Program Cost Accounting and Reporting for Florida Schools Manual.

COLUMN B - OBJECT CODE: SCHOOL DISTRICTS: Use the three digit object codes as required in the Financial and Program Cost Accounting and Reporting for Florida Schools Manual.

COMMUNITY COLLEGES:
Use the first three digits of the object codes listed in the Accounting Manual for Florida's Public Community Colleges.
UNIVERSITIES AND STATE AGENCIES:
Use the first three digits of the object codes listed in the Florida Accounting Information Resource Manual.

OTHER AGENCIES: Use the object codes as required in the agency's expenditure chart of accounts.

COLUMN C – ACCOUNT TITLE: Use the account title that applies to the object code listed in the accordance with the agency's accounting system.

COLUMN D – DESCRIPTION: Provide detailed descriptions/specifications of all equipment items to be purchased that have a projected unit value of \$5000 (State's threshold) or more with a useful life of one year or more.

Note: If the agency has a threshold of less than \$5000 the lower amount is the guiding threshold.

COLUMN E – SCHOOL/PROGRAM: Provide the name of the school and the name of the program for which the equipment is being purchased.

COLUMN F – NUMBER OF ITEMS: Provide the total number purchased of this item.

COLUMN G – ITEM COST: Provide the projected cost for each item.

Michael Smith
Apprenticeship Director
South Florida Operating Engineers
19700 SW 68th Court
Pembroke Pines, FL 33332

Dear Mr. Smith,

It is my pleasure to inform you that the South Florida Operating Engineers Preapprenticeship Program (P-155) has been approved to participate in the State of Florida's Apprenticeship System and to thank you for your commitment to ensuring Florida continues to produce well trained, highly skilled electricians.

Workforce education is a top priority for Governor Ron DeSantis and the Florida Department of Education with the goal of being number one in the nation by 2030. We rely on local organizations with a vested interest in student success to supplement the tremendous work taking place throughout Florida's education system and provide ongoing world- class education opportunities.

South Florida Operating Engineers, and by extension its preapprenticeship program, plays a pivotal role in securing Florida's future. We greatly appreciate your interest in helping to make Florida #1 in the nation for workforce education. Ms. Valvery Hillsman will serve as your Region 8 Apprenticeship Training Representative and will be in touch with you in the coming weeks to assist you with any support you or your team may need.

If you have any questions or need additional assistance, please contact me at (850) 245-9038 or Kathryn.Wheeler@fldoe.org.

Sincerely,

Kathryn Wheeler
Director Apprenticeship
