DRAFT
MINUTES OF THE MEETING OF THE
BOARD OF TRUSTEES OF THE
PRINTING LOCAL 72 INDUSTRY PENSION FUND
MAY 13, 2022

The following Trustees were present:

UNION TRUSTEES

Paul Atwill, Co-Chairman

EMPLOYER TRUSTEE

Jay Goldscher, Chairman (via videoconference)

Also present were:

Barry Bryant - Dahab Associates (via videoconference)

Brian Goddu - The McKeogh Company

Rich Cartier – Manning & Napier

Greg Moore Esq. - O'Donoghue & O'Donoghue, LLP

Kathy Phillips - Associated Administrators, LLC

Theodora Washington – PNC Bank (via videoconference)

Dawn Welch - Associated Administrators, LLC

A quorum being present, Chairperson Goldscher called the meeting to order at 10:35AM.

I. MINUTES

The Trustees reviewed the minutes of the regular meeting held January 28, 2022, which were previously circulated to the Board.

On Motion made and seconded, the Trustees voted unanimous approval of the following resolution:

**RESOLVED that the minutes of the regular meeting held on
January 28, 2022, are approved as presented.**

II. INVESTMENT REVIEW

A. PNC Bank

The Trustees welcomed Ms. Washington of PNC Bank to the meeting via teleconference. Ms. Washington reviewed the “GlobeTax Reclaims Status” report with the Board. She noted that GlobeTax is currently pursuing eight tax reclamation claims on behalf of the Fund, which are anticipated to be paid to the Fund between February and August 2022. The estimated reclamation

amount is expected to be \$8,323.47

The Trustees thanked Ms. Washington for her report and she was excused from the meeting.

B. Investment Manager Report

The Trustees welcomed Rich Cartier from Manning & Napier, LLC to the meeting. Mr. Cartier informed the Trustees that on April 1, 2022, Manning & Napier, LLC and Callodine Group, LLC announced that they entered into a definitive agreement under which Manning & Napier, LLC will become a private company and be acquired by an affiliate of Callodine Group, LLC. He informed the Trustees that the acquisition would not result in any changes to the day-to-day operations of Manning & Napier, LLC and that the manner in which the account is managed will not change, nor will the service representatives.

Mr. Cartier reviewed a client consent letter with the Trustees. Manning & Napier is requesting that the signed consent be returned to them by May 27, 2022. Mr. Cartier noted that the consent will permit the account to be managed on the same terms and conditions and with the same restrictions that are currently in place. The Trustees requested that the consent letter be reviewed by Fund Counsel prior to signature.

Mr. Cartier reviewed the “Investment Performance Review” as of April 30, 2022. He reported the market value of assets under investment was \$7,915,563. The Fund’s return, year to date, is – 9.82% net of fees as of April 30, 2022. The one year return from May 1, 2021 to April 30, 2022 was -5.30% net of fees. Mr. Cartier noted the global economy had a challenging start to the year due to surging inflation, the war in Ukraine, and expectations for tighter monetary policy. Rising interest rates and widening credit spreads led to negative returns across fixed income markets, including high yield.

The Trustees thanked Mr. Cartier for his report and was excused from the meeting.

C. Investment Consultant Report

The Trustees welcomed Mr. Barry Bryant of Dahab Associates to the meeting via videoconference. Mr. Bryant reviewed the “Printing Local 72 Pension Performance Review March 2022” report with the Trustees, a copy of which is filed with these minutes. As of March 31, 2022 the Fund’s market value of assets was \$8,542,302 a decrease of \$1,133,326 from the December 2021 ending value of \$9,675,628. In the last quarter 2021, the Fund had net

withdrawals of \$685,013 and net investment losses of \$448,313. The Fund's net investment loss was a result of income receipts totaling \$34,513 and realized and unrealized capital losses totaling \$482,826.

III. ADMINISTRATIVE MANAGER'S REPORT

A. Financial Statement

Ms. Welch reviewed the Administrative Managers Report for March 2022. The report for the period ending March 31, 2022, indicated total income of \$172,825 and total expenses of \$332,501, resulting in a net loss of \$159,676. The Fund's net assets as of March 2022 were \$9,873,865.13.

On Motion made and seconded, the Trustees voted unanimous approval of the following resolution:

RESOLVED to approve the March 31, 2022, Financial Report as presented.

B. Delinquency Report

There are no delinquent employers to report.

C. Withdrawal Liability

The Trustees reviewed the Withdrawal Liability reports included in the meeting booklet.

D. Invoices

Ms. Welch presented a list of invoices paid from January 1, 2022 to March 31, 2022. She noted that there were no additions, deletions or changes to the list.

On Motion made and seconded, the Trustees voted unanimous approval of the following resolution:

RESOLVED to approve the invoices paid from January 1, 2021 to March 31, 2022, as presented.

IV. FUND ACTUARY REPORT

The Trustees welcomed Mr. Brian Goddu from The McKeogh Company to the meeting.

Mr. Goddu reported on the status of the Actuarial Certification. Mr. Goddu informed the Board that the Actuarial Certification for the Plan Year ending February 28, 2021 was almost complete. The Trustees advised Mr. Goddu that the industry assumption should remain 50 weeks of work per

year per active employee.

Mr. Goddu provided the Board with an update on the Special Financial Assistance under the American Rescue Act. Mr. Goddu noted that based on current projections, the Plan is eligible to apply with the Priority Group 5 beginning February 11, 2023.

The Trustees thanked Mr. Goddu for his report.

V. FUND COUNSEL REPORT

A. Pension Miscalculations

Mr. Moore provided an update to the Trustees regarding the letter that was sent to BeneSys, the company that acquired Carday, demanding that BeneSys make the Fund whole for the overpayments that were made in error due to miscalculations by Carday. Mr. Moore noted that Jacob Szewcyk is currently working with BeneSys attorneys and it should be resolved soon.

B. Participant Appeal

Fund Counsel reviewed an appeal from a participant that was received by the Fund Office on January 21, 2022. The appellant challenged the recalculation and reduction of his pension benefit to correct overpayments resulting from an error by the prior administrator, Carday. The pensioner's appeal requested that the Fund cancel the pension recalculation and reduction of his pension benefit and reinstate his pension benefit in the amount he received prior to the aforementioned correction. After review of the facts and after careful consideration, and upon Motion made and seconded, the Trustees voted unanimous approval of the following resolution:

RESOLVED to deny appeal #P21/101-8038.

The Fund Office will send the participant a notification letter of his appeal denial.

C. Department of Labor ("DOL") Cybersecurity Best Practices

Ms. Welch reported that all cybersecurity information request letters were mailed to vendors that handle client and Fund related information on March 11, 2022. Responses have been received from most vendors and a second notice was sent to vendors that had not responded as of April 19, 2022.

Dear Trustees and the Secretary of the Treasury:

ACTUARIAL CERTIFICATION FOR THE 2022 PLAN YEAR

Attached is the actuarial certification of the status of the Printing Local 72 Industry Pension Fund under IRC Section 432 for the March 1, 2022 through February 28, 2023 Plan Year. This certification is intended to comply with the requirements of IRC Section 432(b)(3) and proposed regulation §1.432(b)-1(d).

Plan Status

The Plan is in critical & declining status (i.e., it is in the Red & Declining Zone) for the March 1, 2022 through February 28, 2023 Plan Year for purposes of Section 305 of ERISA and Section 432 of the Internal Revenue Code. The Plan is projected to be in critical status for at least one of the succeeding 5 Plan Years. Details of the certification tests are attached in a separate exhibit. The Plan is currently projected to become insolvent during the Plan Year beginning March 1, 2025.

The rehabilitation period began March 1, 2010. As of the date of this certification the Trustees believe that they have taken all reasonable steps to forestall insolvency including the adoption and implementation of a Rehabilitation Plan which eliminated adjustable benefits and increased contributions.

Because the Plan is in critical & declining status, notification to the participants, beneficiaries, bargaining parties, PBGC and Secretary of Labor is required within 30 days of the date of this certification.

Funded Percentage

The funded percentage is measured by the actuarial value of assets divided by the present value of accrued benefits (determined using funding assumptions). The funded percentage as of March 1, 2022 for certification purposes is 19.5% ($= \$8,299,000 \div \$42,559,000$).

Projection of Credit Balance

The Funding Standard Account Credit Balance is a measure of compliance with ERISA's minimum funding standards. If contributions exceed the minimum required, the credit balance will tend to grow. The credit balance will be reduced to the extent that contributions are less than the minimum required. Short-term fluctuations are not indicative of long-term trends and generally a projection of 15-20 years is more informative as to the long-term health of the plan. In this instance however, we note that the Plan is currently projected to become insolvent within the next three years, during the Plan Year beginning March 1, 2025.

The projection of the credit balance as shown on the attached exhibit shows a funding deficiency (negative credit balance) for the current March 1, 2022 – February 28, 2023 Plan Year.

Assumptions

Estimates and projections of the Plan's assets, liabilities and funding standard account credit balance were based on the following for the purposes of this certification:

- The Plan's liabilities were projected forward from the March 1, 2021 actuarial valuation.
- The March 1, 2022 market value of assets was estimated to be \$9,124,000 based on unaudited financial information provided by the Plan's administrative agent.
- The Plan Year March 1, 2021 – February 28, 2022 contributions were estimated to be \$929,000 from unaudited information obtained from the Plan's administrative agent. This amount includes \$840,000 of monthly withdrawal liability payments.
- The administrative expenses for the Plan Year beginning March 1, 2021 were estimated to be \$264,300 (net of investment fees) based on unaudited information obtained from the plan administrative agent.
- All valuation assumptions are met during the projection period including specifically that the Plan's investment return assumption of 7.00% per year is attained on the market value of assets from March 1, 2022 forward.
- The current differences between the market value of assets and the actuarial value of assets are phased in during the projection period in accordance with the regular operation of the asset valuation method.
- The contribution rate is assumed to remain at the March 1, 2022 rate of \$121.50 per week for the duration of the projection. This represents reasonably anticipated employer rates for the current and succeeding Plan Years, assuming that the terms of the collective bargaining agreements pursuant to which this Plan

is maintained for the current Plan Year continue in effect for succeeding Plan Years. Future contribution increases called for in the Rehabilitation Plan have not been reflected in the projections.

- The March 1, 2022 active plan participant count is assumed to be 17 based on information received from the Board of Trustees. This count is assumed to remain level for all Plan Years thereafter.
- The contributions and participant counts reflect the effects of the mass withdrawal that occurred in 2018.
- The determination of whether the plan is in critical and declining status and the determination of whether the plan is projected to be in critical status within the succeeding 5 years were both based on the above assumptions with the following exception: an annual \$5.00 increase in the weekly contribution rate has been assumed until the last increase effective March 1, 2023 at which point the contribution rate will remain level.

Activity in the industry (including future covered employment and contribution levels) is based upon information provided by the plan sponsor.

This certification is for the March 1, 2022 – February 28, 2023 Plan Year only. Actual future valuation results will differ from those projected to the extent that future experience deviates from that anticipated.

In my opinion, the projections are based on reasonable actuarial estimates, assumptions and methods that, except for the projected industry activity supplied by the plan sponsor, offer my best estimate of anticipated experience under the Plan.

Sincerely,

Brian W. Hartsell, FSA

Certification Tests for the Plan Year Beginning in 2022

A. Critical Status (Red Zone) Tests

TRUE 1. 6-Year Projection of Benefit Payments

- TRUE a. Funded percentage < 65%, and
- TRUE b. Present value of 7 years of projected benefit payments and expenses greater than sum of market value of assets plus present value of 7 years of projected contributions

TRUE 2. Short Term Funding Deficiency (not taking automatic extensions into account)

- TRUE a. Funding deficiency for current year, or
- FALSE b. FALSE (i) Funded percentage is > 65%, and
FALSE (ii) Projected funding deficiency in any of 3 succeeding plan years, or
- FALSE c. TRUE (i) Funded percentage is <= 65%, and
FALSE (ii) Projected funding deficiency in any of 4 succeeding plan years

TRUE 3. Contributions less than Normal Cost Plus Interest

- TRUE a. Present value of current year expected contributions less than sum of unit credit normal cost plus interest on excess if any of unit credit accrued liability less actuarial value of assets, and
- TRUE b. Present value of nonforfeitable benefits for inactive participants is greater than the present value of nonforfeitable benefits for active participants, and
- TRUE c. Funding deficiency projected for current or any of 4 succeeding plan years (no extensions)

TRUE 4. 4-Year Projection of Benefit Payments

- TRUE a. Present value of 5 years of projected benefit payments and expenses greater than sum of market value of assets plus present value of 5 years of expected contributions

TRUE 5. Failure to Meet (Regular) Emergence Criteria

- TRUE a. In Critical Status for immediately preceding year, and either (b) or (c)
- TRUE b. Projected funding deficiency for current or any of 9 succeeding plan years (with any extensions)
- TRUE c. Projected insolvency within 30 succeeding plan years

FALSE 6. Election to be in Critical Status

- TRUE a. Projected to be In Critical Status in any of 5 succeeding years, and
- FALSE b. Plan sponsor elected Critical Status for current year?

FALSE

Plan in Critical Status (Red Zone - meets either (b) or (c) but not (a))?

- FALSE a. Pass Special Emergence Rule for a plan with an automatic extension of amortization periods?
FALSE (i) Plan has an automatic extension of amortization periods, and
TRUE (ii) Plan in Critical Status for immediately preceding plan year, and
FALSE (iii) No projected funding deficiency for current or any of 9 succeeding plan years (with any extensions), and
FALSE (iv) No projected insolvency within 30 succeeding plan years
- FALSE b. Pass reentry criteria for a plan that emerged from Critical Status using Special Emergence Rule (see (a) above)?
FALSE (i) Plan NOT in Critical Status for immediately preceding plan year, and
FALSE (ii) Used special emergence rule for plans w/ automatic extensions of amort periods, and either (iii) or (iv)
TRUE (iii) Projected funding deficiency for current or any of 9 succeeding plan years (with any extensions)
TRUE (iv) Projected insolvency within 30 succeeding plan years
- FALSE c. Pass regular Critical Status Tests?
TRUE (i) Fail special emergence rule for a plan with an automatic extension of amortization periods, and
TRUE (ii) Did not use special emergence rule for plans w/ automatic extensions of amort periods, and
TRUE (iii) Meets at least one of Tests #1 through #6, and
FALSE (iv) Not in Critical and Declining Status

TRUE

Plan in Critical and Declining Status (Red Zone - meets (a) and either (b) or (c) but not (d))?

- TRUE a. Meets at least one of Tests #1 through #4
- FALSE b. TRUE (i) Projected insolvency within current or any of 14 succeeding plan years, and
FALSE (ii) Ratio of inactive to active participants does not exceed 2 to 1 (<= 200%)
- TRUE c. TRUE (i) Projected insolvency within current or any of 19 succeeding plan years, and either (ii) or (iii)
TRUE (ii) Ratio of inactive to active participants exceeds 2 to 1 (> 200%)
TRUE (iii) Funded percentage < 80%
- FALSE d. Pass emergence test for a plan that suspended benefits while in Critical and Declining Status?
TRUE (i) Plan in Critical and Declining Status for immediately preceding plan year, and
FALSE (ii) Benefits suspended while in critical and Declining Status, and
FALSE (iii) Does not meet any of Tests #1 through #4, and
FALSE (iv) Funded percentage >= 80%, and

Certification Tests for the Plan Year Beginning in 2022
(Continued)

B. Endangered Status (Yellow and Orange Zones) Tests

FALSE 1. Funded Percentage

- TRUE a. Funded percentage < 80%, and
- FALSE b. Not in Critical Status

FALSE 2. Projection of Funding Deficiency

- TRUE a. Funding deficiency for current or any of the 6 succeeding plan years (with any extensions), and
- FALSE b. Not in Critical Status

FALSE 3. Special Rule - Exemption from Endangered Status

- FALSE a. Not in Critical or Endangered (or Seriously Endangered) Status in preceding year, and
- FALSE b. As of the end of the plan year beginning in 2032:
 - FALSE (i) Funded percentage $\geq$ 80%, and
 - FALSE (ii) No Funding deficiency for current or any of the 6 succeeding plan years (with any extensions)

FALSE

Plan in Endangered Status (Yellow Zone - meets only Test #1 or Test #2 but not Test #3)?

- FALSE a. Meets only Test #1 or Test #2, but not both
- FALSE b. Meets Special Rule exemption from Endangered Status

FALSE

Plan in Seriously Endangered Status (Orange Zone - meets both Tests #1 and #2 but not Test #3)?

- FALSE a. Meets both Tests #1 and #2
- FALSE b. Meets Special Rule exemption from Endangered Status

C. Neither Critical Status Nor Endangered Status (Green Zone) Tests

FALSE 1. Not in Critical Status

TRUE 2. Not in Seriously Endangered Status

TRUE 3. Not in Endangered Status

FALSE

Plan in neither Critical Status Nor Endangered Status (Green Zone - meets all tests 1-3)?

n/a

Plan did NOT need Special Rule Exemption to meet Green Zone criteria

FALSE

Plan would have been in Endangered Status without Special Rule Exemption
Green (Yellow) Zone - Green Zone with additional notice requirements

FALSE

Plan would have been in Seriously Endangered Status without Special Rule Exemption
Green (Orange) Zone - Green Zone with additional notice requirements

D. Projected Critical Status in any of 5 Succeeding Plan Years?

TRUE

Plan projected to be in Critical Status in any of 5 succeeding plan years
