**RESOLVED that the minutes of the regular meeting held on
May 13, 2022, are approved as presented.**

II. INVESTMENT REVIEW

The Trustees welcomed Mr. Tom Donegan of Dahab Associates to the meeting via videoconference.

Mr. Donegan reviewed the "Printing Local 72 Pension Performance Review June 2022" report with the Trustees, a copy of which is filed with these minutes. He noted that to date, 2022 has proved to be an exceptionally challenging period for investors in US equity and international markets. Growth-style stocks underperformed value-style for the most recent quarter as investors sought to minimize higher risk in the event of an economic slowdown. Rising interest rates continued to pose a challenge to near term fixed income performance. The Federal Reserve sharply raised interest rates during the quarter

and has signaled their intention to continue aggressively raising interest rates in an effort to curtail inflation. The Consumer Price Index for the second quarter of 2022 increased to 9.1%. Unemployment remained low at 3.6%.

As of June 30, 2022 the Fund's market value of assets was \$7,223,522, representing a decrease of \$1,318,780 from the March ending value of \$8,542,302. The Fund's net investment loss was attributable, in part, to income receipts totaling \$47,512 and realized and unrealized capital losses totaling \$767,302.

During the second quarter, the Manning & Napier portfolio lost 8.8% (gross of fees) and 8.9% (net of fees), which was 2.3% greater than the 55% S&P 500/45% Aggregate Index's return of -11.1%, and ranked in the 58th percentile of the Taft Hartley funds. Over the trailing year, the portfolio returned -10.2%, which was equal to the benchmark's -10.2% performance and ranked in the 82nd percentile. Since June 2012, the account returned 8.7% per annum annualized and ranked in the 17th percentile. For comparison, the 55% S&P 500/45% Aggregate Index returned an annualized 7.9% over the same time frame.

The Fund's asset allocation at the end of the second quarter was 49.9% allocated to large cap equities, 45.7% allocated to fixed income, and 4.4% was held in cash.

The Trustees thanked Mr. Donegan for his report, and he was excused from the meeting.

III. ADMINISTRATIVE MANAGER'S REPORT

Mr. Goddu informed the Trustees that the Actuarial Certification for the Plan Year 2022 was timely filed. The Plan was certified as being in critical and declining status for the March 1, 2022 through February 23, 2023 Plan Year. The Plan's funded percentage as of March 1, 2022 was 19.5%, representing a decline from the 2021 funded percentage of 22.9%. The Plan is projected to become insolvent during the Plan Year beginning March 1, 2025.

B. Special Financial Assistance Program

Mr. Hartsell informed the Trustees that on July 7, 2022 the Pension Benefit Guaranty Corporation issued final guidance on the Special Financial Assistance Program. Mr. Hartsell reported that based on current projections, the Plan is eligible to apply with the Priority Group 5 beginning February 11, 2023.
