MINUTES OF THE MEETING OF THE
BOARD OF TRUSTEES OF THE
INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 77
INDIVIDUAL ACCOUNT (ANNUITY) FUND
FEBRUARY 10, 2026

The following Trustees were present:

UNION TRUSTEES	EMPLOYER TRUSTEES
J. VanDyke	J. Knowles
S. Faulkner	B. Horne
B. Gilroy	C. Wood

ALSO PRESENT:

C. Fuller – McChesney & Dale, P.C.
D. Jensen – Associated Administrators, LLC
K. Phillips – Associated Administrators, LLC
J. Mink – Investment Performance Services
E. Sarrazin – Empower Retirement

I. CALL TO ORDER

The Chairman called the meeting to order.

II. MINUTES

The Trustees reviewed the minutes of the last regular meeting held on November 20, 2025 and,

On a motion made and seconded, the Trustees voted unanimous approval of the following resolution:

> **RESOLVED that the minutes of the last regular meeting held on November 20, 2025 are approved as presented.**

III. FINANCIAL REPORT

Empower Retirement

The Trustees welcomed Eric Sarrazin of Empower Retirement to the meeting. Mr. Sarrazin reviewed his firm's report for the quarter ending December 31, 2025.

Mr. Sarrazin reviewed the Executive Summary of the Empower report. He stated that as of December 31, 2025 the Fund had 3,242 Plan participants invested for a total of $60,062,178. Mr. Sarrazin reviewed the Plan balances by investment, noting that total contributions were $4,343,813 and disbursements were $3,136,497, resulting in a net activity of $1,207,315.

The Trustees thanked Mr. Sarrazin for his report.

IV. FUND ATTORNEY'S REPORT

Mr. Fuller discussed the catch-up contributions from the memo dated August 15, 2024. The maximum catch-up limit increases to the greater of $11,250 or 150% of the age 50 catch-up limit beginning in 2025 for employees age 60-63, and then reverts back to the standard catch-up amount at age 64. This increased annual catch-up contribution is only available if the plan is amended to add this feature. An amendment for this change was approved interim action. Mr. Fuller also discussed a recent notification from Empower addressing allowable Roth catch-up contributions for participants earning in excess of the maximum FICA earning amount for the prior year. The Trustees had given Empower approval just prior to the meeting to provide for Roth catch-up contributions. Mr. Fuller distributed a copy of the memo.

V. NEXT MEETING DATE AND LOCATION

After discussion, the Trustees decided that the next meeting date will be May 12, 2026, beginning at 9:00 a.m., at the Landover Office of Associated Administrators, LLC.

VI. ADJOURNMENT

There being no further business to come before the Trustees, the meeting was adjourned.

Respectfully submitted,

Joshua VanDyke – Co-Chairman

Investment strategy	% of assets	Assets	Average balance
My Total Retirement	2.7%	$1,623,486	$14,495
Online Advice	0.2%	$109,893	$36,631
Target-date strategy	61.0%	$36,229,336	$13,198
Do-it-yourself strategy	36.0%	$21,394,282	$59,264

Target-date strategy is the investment strategy utilized by the most participants with **85.2%** of participants using this strategy. However, this strategy holds a smaller share of assets with only **61.0%** of assets.

Overview

The investment strategy utilization is based on all participants that have a balance greater than $0. Each participant is assigned a single investment strategy to provide insights on how investment options, features, and services are being utilized.

When a participant is assigned a strategy, 100% of their balance is grouped within that strategy even if they have a diverse investment mix. Additionally, each participants' strategy is reevaluated and assigned every month so a participant may move in and out of the different strategies from month to month.

For the full list of investment strategies and their definitions, please refer to the glossary.

Asset allocation by fund

The balances reflected are based on all actively employed and separated from service plan participants. The participant balances do not include any outstanding loan amounts.

Glossary of terms

Subject	Description
Balances	Participant assets is the summation of all participant balances. (Excludes any loan balances). Plan assets is the summation of all plan balances such as forfeitures. Total assets is the summation of all participant and plan balances.
Benchmarks	The benchmarks are based on the recordkeeping system book of business and are updated monthly. The benchmarks reflect the median of individual plan results for a population of similar plans based on the combination of plan type and plan assets. The plan type categories are: 401(k), 403(b), 401(a), 457, and all other plan types combined. The plan assets ranges are: <$5M, $5M - $10M, $10M - $25M, $25 - $50M, $50M - $500M, and >$500M.
Cash flow	Cash flow illustrates the inflows and outflows of dollars from the plan by all actively employed and separated from service participants. The difference in the beginning balance and the ending balance is the result of adding and subtracting the following cash flow activity events: Contributions, disbursements, participant fees, loans issued, loan payments, transfers, adjustments, dividends, and gain/loss to reflect the ending balance.
Contribution activity	Contribution activity reflects all new participant account money such as: contributions via payroll, one-time contributions, employer contributions, and rollovers. Contributions are illustrated as participant and employer funded. Participant contributions are further broken down by before-tax, Roth, and after-tax contributions when applicable. The contribution activity will match the contribution totals illustrated on the Cash Flow slide.
Distribution activity	Distributions are based on actively employed and separated from service plan participants. The distribution categories are derived from the methods in which assets are removed from the plan. The possible categories are: Deminimis, Hardship, Death, Housing allowance, In-service, QDRO, Required minimum distributions (RMD), Separation of service, Service credits, CARES Act, SECURE Act and Other*. *"Other" is a combined category for infrequently used distributions such as but not limited to: contract exchanges, disability, 1035 exchanges, defined benefit payout, dividend payment, early distribution penalty, transfer to an IRA, Roth conversions, etc. The category also includes transaction reversals.
Loans	Overall loan insights reflect both general purpose loans and principal residence loans. Loans belonging to both actively employed and separated from service plan participants are included. Active loans in default are included. The total amount of outstanding loans includes any loans that were issued during the month of the reported month-end. The average loan balance is calculated by dividing the total of all active and outstanding loan balances by the total number of active and outstanding loans. The percent of participants with a loan is calculated by dividing the number of participants with at least one active and outstanding loan by all participants with a balance greater than $0.

Glossary of terms

Subject	Description
Lifetime Income Score	The Lifetime Income Score is based on all actively employed and eligible participants that meet the following criteria: Date of birth on file, valid annual salary of at least $10,000, and assets from outside sources that are less than $5 million. The Lifetime Income Score assumes a retirement income replacement rate of 75% of current income for all participants or a different plan-chosen replacement rate when applicable. Assumptions used by the Lifetime Income Score change over time so the historical results provided may be based on assumptions that are different from the current period. For more information please see the Lifetime Income Score Important Information and Disclosure located on the Data Library dashboard in the Plan Service Center.
Participation rate	The participation rate represents the ratio of participants that are actively participating in the plan compared to the total population of actively employed participants that are eligible to contribute to the plan. Actively participating is defined as having a regular deferral election on the recordkeeping system that is greater than 0%/$0. Before-tax, Roth, after-tax, and catch-up deferral elections are included.
Contribution rates	Contribution rates are based on all actively employed and eligible participants that have a regular deferral election on the recordkeeping system that is greater than 0%/$0. Before-tax, Roth, after-tax, and catch-up deferral elections are included. The rates reflected always include percentage deferral elections. Flat dollar deferral elections are also included when a salary has been provided as a participant's salary is used to convert their flat dollar deferral election to a percentage election.
Money type utilization	Money types are the different kinds of regular contributions that can be made which differ from each other in how they are taxed. Money type utilization illustrates the different approaches that participants are using for managing the tax treatment of their future contributions. Each included participant is assigned to a single money type category and becomes part of the population of participants that their respective category's insights are based on. Refer to the contribution rates section above for details about how reporting on deferral elections is handled. The money type categories are: • **Before-tax only**: Population of participants where 100% of their deferral election is setup to make before-tax contributions. • **Roth only**: Population of participants where 100% of their deferral election is setup to make Roth contributions. • **After-tax only**: Population of participants where 100% of their deferral election is setup to make after-tax contributions. • **Multiple types**: Population of participants that have a deferral election setup to make contributions to two or more sources.

Glossary of terms

Subject	Description
Contribution insights	Contribution insights consider regular and catch-up payroll contributions that participants made to before-tax, Roth, and after-tax sources during the month associated with the stated month-end date. The population of participants that are evaluated are those that were eligible as of the stated month-end. This population of participants differs from those included in the contribution activity reporting as that reporting includes contributions for all participants regardless of their eligibility status at month-end.
Match behaviors	Match behaviors illustrates participants that are eligible for employer match and the different levels at which they are utilizing their available match benefits. It only includes match benefits where the employer chooses to make an established contribution that is based on the elective contributions that a participant makes. This excludes non-elective employer contributions that do not require the participant to make a contribution. Each participant is evaluated against the match rule that individually applies to them as a single plan can have multiple match rules that cover different populations of eligible participants. The evaluation is based on a participant's deferral elections on file. Percentage deferral elections are always included and flat dollar deferral elections are also included when a salary has been provided as a participant's salary is used to convert their flat dollar deferral election to a percentage election. Participants with flat dollar deferral elections but without a salary are excluded from the analysis. Included participants are assigned to one of the following match behaviors: • **Not contributing**: Is eligible to contribute and to receive employer matching contributions but does not have a deferral election greater than 0%/$0 on file. • **Missing out**: Has a deferral election on file but it is below the amount required to receive the full amount of their available match benefit. • **Meeting the match**: Has a deferral election on file that is the same amount that is required to receive the full amount of their available match benefit. • **Exceeding the match**: Has a deferral election on file that is higher than the amount required to receive the full amount of their available match benefit.
Rate of return	Rate of return is calculated in 1 month intervals based on the opening balance, transaction activity, and closing balance for the month. The calculation is consistent with the procedures called by the participant website for displaying a participant's rate of return for a 1 month period. Determining the 1, 3, and 5 year returns is achieved by using an aggregation of the individual monthly rates of return for that period. Only participants with a result across all of the months in the period are included.
Unique individuals reached via ECE	• **Via any channel-** Count of unique participants that received at least 1 ECE message, regardless of channel • **Via email**- Count of unique participants that received at least 1 ECE message via email • **Via other channels-** Count of unique participants that received at least 1 ECE message via a channel other than email, such as post login action (PLA)

Glossary of terms

Subject	Description
Investment strategy	Investment strategy includes all actively employed and separated from service plan participants with a balance. Each participant is assigned to a single investment strategy by evaluating the criteria for each investment strategy against the participant's fund balances and their use of investment services and features. This evaluation is done in a particular order and the investment strategy that ends up being assigned is the first one that has its criteria met. The evaluation order and criteria for each possible investment strategy is as follows: • **Managed accounts**: Assigned to any participant enrolled in an available managed account service. • **Online advice**: Assigned to any participant utilizing an available online advice service. • **Asset allocation model strategy**: Assigned to any participant enrolled in a model portfolio. • **Brokerage**: Assigned to any participant utilizing an available self-directed brokerage account for any portion of their balance. • **Target-date strategy**: Assigned to any participant with greater than 95% of their balance invested in one or two target-date funds. 5% of their remaining balance may be invested in funds in other asset classes. • **Risk-based strategy**: Assigned to any participant with greater than 95% of their balance invested in one or two risk-based funds. 5% of their remaining balance may be invested in funds from other asset classes. • **Do-it-yourself strategy:** Assigned to any participant that is not classified under any of the above investment strategies. When applicable, the number of participants and their associated total balances that are assigned to the Target-date strategy or the Risk-based strategy will not match the assets and participant counts reported elsewhere for the funds within the Target-date or Risk-based asset classes. This is because all fund reporting is based on the holdings of all participants, regardless of a participant's assigned investment strategy.
Equity exposure	A participant's total equity exposure is the ratio of the total amount of their balance (across all investment options) that is exposed to equities, compared to their overall account balance. The amount that is exposed to equities for each individual investment option is calculated by multiplying the participant's balance within the fund by the percentage of the fund's underlying holdings that are in equity asset classes. The underlying asset allocation of each investment option is sourced from Morningstar LLC. In the event that an investment option's asset allocation is unavailable, it is defaulted to having 50% allocated to equities.

Glossary of terms

Subject	Description
Concentrated investment extremes	The concentrated investment extremes insights presented are based on all actively employed and separated from service plan participants that have a balance greater than $0 and that have been classified as using the Do-it-yourself investment strategy. Concentrated investment extremes are defined as: **Equity risk**: Participants that are age 50 or older and that have 75% or more of their total balance exposed to equities. • These participants may be inadvertently over-exposing themselves to too much equity (or market) risk, causing them to be vulnerable in market downturns or times of general volatility, a risk particularly harmful to those nearest retirement. **Inflation risk:** Participants of any age, that have 10% or less of their total balance exposed to equities. • These participants may be too removed from the market. While taking on too much risk, as illustrated with the equity extreme definition, can be detrimental to participant outcomes, the inverse can also be true. Participants underexposed to equities (or the market more broadly) can suffer from lack of investment returns which would otherwise bolster their performance and account balance growth.
Advisory services	Advisory services includes all active and terminated participants with a balance. It compares the participants enrolled in the managed account service or online advice service against the participants that are not enrolled as of the last day of the reporting period. Each participant is only included in one group.
Fund exposure by investment strategy	The calculation for an individual participant's exposure to an investment option is: Participant's balance in the investment option divided by the participant's overall account balance. Participants without a balance in a fund are excluded when calculating the average for each fund. Average fund exposures are provided for the population of participants within each investment strategy to provide insights into how participants of each investment strategy are utilizing the investment lineup.
Asset allocations	Illustrates the total of participant balances within the different investment options and their associated asset class. Plan level assets and outstanding loan balances are not included. The % of total assets represents the total of participant assets within the fund divided by the total of all participant balances. The participant counts include all actively employed and separated from service plan participants with a balance greater than $0 in the fund.
Net transfer activity by asset class	Net transfer activity is the net of the transfer in and transfer out financial activity for funds within each asset class. Plan level assets and outstanding loan balances are not included.

Board of Trustees May 7, 2026
Operating Engineers Local 77 Individual Account Plan
C/o David Jensen – Administrator for the Trustees
911 Ridgebrook Road
Sparks, MD 21152

We are pleased to confirm our understanding of the services we are to provide for the Operating Engineers Local 77 Individual Account Plan (the "Plan") for the year ended December 31, 2025, in connection with its annual reporting obligation under the Employee Retirement Income Security Act of 1974 (ERISA).

Audit Scope and Objectives

You have requested that we perform an ERISA Section 103(a)(3)(C) audit and report on the financial statements of the Operating Engineers Local 77 Individual Account Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statements of changes in net assets available for benefits for the December 31, 2025, then ended, and the disclosures (collectively, the "financial statements"). As part of our audit, we will report on the supplemental schedules required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA-required supplemental schedules) for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America (GAAS). These schedules are presented for the purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The financial statements and ERISA-required supplemental schedules are required to be included in the Plan's Form 5500 filing with the Employee Benefits Security Administration (EBSA) of the DOL.

Except as described in the following paragraph, the objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America (GAAS) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if there is a substantial likelihood that,

Audit Scope and Objectives

individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

You have determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by Empower, the trustee, which is a recordkeeper or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS. Those standards require that we are independent and that we fulfill our other ethical responsibilities relevant to the audit. For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

As part of an audit in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS, except as previously noted. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential and will include prohibited transactions in the supplemental schedule of nonexempt transactions as required by the instructions to Form 5500. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will obtain an understanding of the Plan and its environment, including the system of internal control, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under professional standards.

We are required to identify significant risks of material misstatement as part of our audit planning and communicate those risks to you. Professional standards require that we address the risks of material misstatement due to management override of internal controls and improper revenue recognition in every audit. We have also identified benefits paid as a significant risk of material misstatement.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts and direct confirmation of investments except those certified to by the trustee, and certain other assets and liabilities by correspondence with financial institutions, and other third parties. We will also request written representations from your attorneys as part of the engagement.

From time to time, in addition to our own professional staff, we may use staff on loan from other CPA firms in serving your account. These individuals will work closely with and under the direct supervision of Calibre personnel and we remain responsible for their work, the same as if Calibre personnel performed the work.

We will communicate with management and those charged with governance certain matters as required by GAAS, including reportable findings identified during the audit of the Plan's financial statements as a result of testing relevant plan provisions.

As part of our audit, we will perform certain procedures as required by GAAS, directed at considering the Plan's compliance with applicable Internal Revenue Code (IRC) requirements for tax-exempt status, including whether management has performed relevant IRC compliance tests and has corrected or intends to correct failures. As we conduct our audit, we will be aware of the possibility that events affecting the Plan's tax status may have occurred. Similarly, we will be aware of the possibility that events affecting the Plan's compliance with the requirements of ERISA may have occurred. We will inform you of any instances of tax or ERISA noncompliance that come to our attention during the course of our audit. You should recognize, however, that our audit is not designed to, nor is it intended to, determine the Plan's overall compliance with applicable provisions of the IRC or ERISA.

The information included in the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, will be subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures in accordance with GAAS. Accordingly, our opinion will state whether the form and content of the supplemental schedules, other than the information agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our ERISA Section 103(a)(3)(C) audit of the financial statements does not relieve you of your responsibilities.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; for establishing an accounting and financial reporting process for determining appropriate value measurements; and for the preparation and fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. You are also responsible for making drafts of financial statements, all financial records, and related information available to us; for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers); and for the evaluation of whether there are any conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties, parties in interest, and all related-party and parties-in-interest relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the Plan from whom we determine it necessary to obtain audit evidence. You are also responsible for maintaining a current plan instrument, including all plan amendments; and for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants. You are also responsible for determining whether (1) an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances; (2) the investment information is prepared and certified by a qualified institution as described in 29 CFR 2520.103-8; (3) the certification meets the requirements in 29 CFR 2520.103-5; and (4) the certified investment information is appropriately measured, presented, and disclosed in accordance with GAAP. You are also responsible for providing to us all necessary information, prior to the dating of our report, to prepare the draft of the Plan's Form 5500 that is substantially. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Plan involving (1) Plan management, (2) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Plan received in

communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the Plan complies with applicable laws and regulations. You are responsible for the presentation of the ERISA-required supplemental schedules and that they were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements, including their form and content, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

You agree to assume all management responsibilities for the financial statement preparation, 5500 tax return preparation services and any other non-attest services we provide; oversee the services by designating an individual, preferably from senior management of the third-party administrator, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them. For purposes of any reference in this letter to "you" or "your" responsibility, the standard of care is the ERISA prudent person standard regarding any such responsibility or assurance.

Use of Portals for Information Exchange

Suralink and Sharefile (the portals) are encrypted, web-based, document exchange systems used by us to send and receive electronic data throughout the course of the audit. The portals are intended to solely be used as a method of exchanging information and they are not intended to store the Plan's information. Data and other content will be removed from the portals two years after the date it was initially provided.

Electronic Communication

In connection with this engagement, we may communicate with you or others via email transmission. As emails can be intercepted and read, disclosed, or otherwise used or communicated by an unintended third party, or may not be delivered to each of the parties to whom they are directed and only to such parties, we cannot guarantee or

Electronic Communication (continued)

warrant that emails from us will be properly delivered and read only by the addressee. Therefore, we specifically disclaim and waive any liability or responsibility whatsoever for interception or unintentional disclosure of emails transmitted by us in connection with the performance of this engagement. In that regard, you agree that we shall have no liability for any loss or damage to any person or entity resulting from the use of email transmissions, including any consequential, incidental, direct, indirect, or special damages, such as loss of revenues or anticipated profits, or disclosure or communication of confidential or proprietary information.

Tax Services (Other)

We will prepare the Plan's Form 5500, including required schedules, for the year ended December 31, 2025, based on information provided by you. You have the final responsibility for the Form 5500 and the required supporting supplemental schedules, and you should review them carefully before you sign them and we recognize that you are relying on the audited financial statements we prepare in the completion of the Form 5500. We will also prepare the financial statements of the Plan in conformity with accounting principles generally accepted in the United States of America based on information provided by you.

In addition, we will prepare the Form 8955-SSA. The Form 8955-SSA will be prepared based on information provided by Empower or Associated Administrators . You have the final responsibility for these forms, and following our review, you should review them carefully before you sign them.

This engagement does not include our commitment to prepare any other tax returns or informational returns for filing. You are responsible for determining what forms are required to be filed with all governmental and regulatory agencies and for the preparation and filing of these forms. If anything comes to our attention which would cause us to believe that additional forms which should be prepared and filed are not being filed, we will so advise you. If you determine that we should prepare these forms, a separate arrangement will be made. No additional forms are included in the fee arrangement covered by this letter.

We will perform the services in accordance with applicable professional standards, including the Statements on Standards for Tax Services issued by the American Institute of Certified Public Accountants. We will advise management regarding the preparation of the Form 5500, but management must make all decisions with regards to those matters. For purposes of clarification, we recognize that you are relying on our audit procedures in determining what amounts are reported on those government forms.

Engagement Administration, Fees and Other

We understand that your third-party administrator, Associated Administrators, LLC, may prepare or assist us in preparing schedules, analyses, and confirmations we request and will locate any invoices or other documents selected by us for testing. The timely completion of this engagement is dependent, in part, upon your staff providing the information in a timely manner.

The audit documentation for this engagement is the property of Calibre CPA Group, PLLC, and constitutes confidential information. However, we may be requested to make certain audit documentation available to the U.S. Department of Labor pursuant to authority given to it by law. If requested, access to such audit documentation will be provided under the supervision of Calibre CPA Group, PLLC's personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the U.S.

Department of Labor. The U.S. Department of Labor may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

Joseph M. Herishen, CPA, is the engagement partner and is responsible for supervising the engagement and signing the report.

We estimate that our fees for these services will not exceed $18,000 (no increase over prior year as committed to in the PY 2024 letter).

Should the Trustees desire any additional accounting, tax or consulting services rendered outside of the scope of the annual audit, these services will be billed at the appropriate rate for the personnel used for the engagement, as outlined below.

Our hourly rate structure is as follows: <u>FYE December 31, 2025</u>

Partners	$390.00		
Managers	$290.00	to	$320.00
Staff Accountants	$165.00	to	$279.00

Our fees for these services will be based on the actual time spent at our standard hourly rates, plus out-of-pocket costs. Our standard hourly rates vary according to the degree of responsibility involved and the experience level of the personnel assigned to your audit. Our invoices for these services will be rendered as work progresses. Our invoices may be rendered as work progresses and are payable on presentation.

Reporting

We will issue a written report upon completion of our audit of the Plan's financial statements. Our report will be addressed to the Board of Trustees of the Western Pennsylvania Electrical Employees' Deferred Compensation Plan.

Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add a separate section, or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or withdraw from this engagement.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy, and return it to us.

Sincerely,

Calibre CPA Group, PLLC

Calibre CPA Group, PLLC

RESPONSE:

This letter correctly sets forth the understanding of the Operating Engineers Local 77 Individual Account Plan.
