Policy Analyses

Limit of liability

Description

The carriers quoted the same \$10 million limit of liability as your expiring policy. Our proprietary benchmarking data illustrates below what limits similar sized funds typically purchase, however higher limits may be available upon request.

Peer Group = Assets Greater Than \$100 Million
but Less Than \$250 Million

Premium

Description

The incumbent carriers has quoted a combined premium increase of \$706 (1.2%) for this renewal, remaining above the Average and 3rd Quartile for this limit of liability based on our proprietary benchmarking data (shown in the graph below).

Peer Group = Limit of Liability Equals \$10 Million

Scope of coverage

At this renewal, the primary carrier will provide the same scope of coverage as the expiring policy.

The excess carrier Ullico/Markel will continue to dropdown and match certain sublimits in the primary policy (e.g., 502(c), Voluntary Settlement Program, etc.) f.

Waiver of recourse

ERISA provides insurers that issue fiduciary liability policies the ability to recover money that was paid to or on behalf of fiduciaries for breaches of fiduciary duty, a process known as recourse. Because recourse is generally not allowed by insurance law, ERISA allows insurers to offer waiver of recourse as a provision to fiduciary liability policies. They charge an additional annual premium for the provision that's calculated at each renewal.

Crucially, the premium must be paid with non-plan assets and the sources are typically the related union, employer association or the trustees themselves.

Employers can use corporate assets to pay the premium for the waiver of recourse provision, but multiemployer plans must recover the cost from the trustees.

When reviewing the waiver of recourse provision, consider:

- The language, which varies substantially among insurers, even within the same insurer; requires legal review.
- Who is covered (e.g., employees who may perform periodic fiduciary duties or past fiduciaries).
- For multiemployer plans, how much to bill trustees to cover the premium costs given that ERISA is unclear on whether the premium be evenly divided.

Continuity of coverage

Continuity is a concept addressing the scope of coverage provided by a renewal policy from the incumbent carrier or a new policy from a new carrier. When a claim is made the policy in force will determine whether coverage is provided. When renewing coverage with the incumbent or moving coverage to a new carrier, the insured should determine whether the renewal (or new) policy will provide at least the same scope of coverage as the expiring policy. In particular, a new carrier may wish to limit coverage in some fashion.

To maintain continuity, review any additional policy exclusions, new Pending & Prior Litigation dates, and/or new Prior Acts dates.

This section summarizes the additional information the carrier will require to bind coverage.

FATCA

The Foreign Account Tax Compliance Act (FATCA) requires the notification of certain financial accounts to the United States Internal Revenue Service. Segal does not provide tax advice so please contact your tax consultant for your obligation regarding to FATCA.

Supplemental Information & Disclosures

While many insurance policies may follow a similar format, substantial differences exist between carriers. Segal recommends Insureds familiarize themselves with the policy's basic coverage features, especially those that require action on their part, and that legal counsel review all insurance policies.

Notice of incident, claim or circumstances

Please carefully review any incident reporting instructions. Failure to timely and properly report a claim may jeopardize coverage for expenses or claims. In addition, you should retain copies of all insurance policies and coverage documents as well as incident reporting instructions after termination of the policies because in some cases you may need to report an incident after termination of a policy.

Disclosure in an application does not meet these terms and conditions. All regulatory audits or investigations should be treated as a claim and noticed to the insurance carrier as soon as the first written communication from a regulatory agency is received.

Notice must be in accordance with the policy's terms and conditions and must be sent to a designated address. All electronic claim notifications to be processed by Segal must be sent to claims@segalco.com. Please copy your broker team on any notification, but Segal is not responsible for the processing of any electronic claim notification if it is not addressed to claims@segalco.com.

Extended reporting period

Should consideration be made to move coverage from one carrier to another, or there is a material change in terms and conditions, the Insured may also consider purchasing an Extended Reporting Period (ERP), commonly known as "Tail Coverage." An ERP provides the Insured additional time to report claims or circumstances that occurred up to the date of the policy's expiration. This coverage is available for an additional premium and period to be determined by the carrier. Some policies may also offer an automatic ERP for no additional premium. Please review your policy for specific terms and conditions.

Insured's obligation to notify the insurer

In addition to an obligation to notice the insurer of any claim or circumstance as soon as practicable, the policy will, or may, obligate the Insured to provide notice to the insurer in other instances.
